Distant Parents Jacob Climo, 1992 In highly mobile America not enough attention has been paid to the increasingly common relationship between parents and adult children who live far apart argues Climo an anthropologist at Michigan State University While his study of 40 faculty members and their spouses turns up some useful information it is hampered by turgid academic language and a preoccupation with the banal He detects three types of children the displaced who wish they were physically closer to their parents the well adapted who have a secure relationship with their parents and the alienated who are happy to live far away from their parents because they lack emotional closeness Using that typology Climo analyzes his subjects memories of leaving home their communication via letters and phone calls routine visits he probes the five phases of a visit including preparation and settling in and their responses to their parents health problems and to transitions such as death and remarriage Finally he advises ways children can improve the relationship work on communication skills and believe that parents can change and grow through self help The American Journal of Psychology Granville Stanley Hall, Edward Bradford Titchener, Karl M. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and thrilling novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
