

Distant Sight In Dreams

Distant Sight In Dreams is a book written by Camille Flammarion, a French astronomer and author. The book explores the concept of clairvoyance and the ability to see distant places and events through dreams. Flammarion shares his own experiences with clairvoyance and provides examples of others who have had similar experiences. He also delves into the science behind clairvoyance and the potential implications for our understanding of the universe. The book is a thought-provoking exploration of the mysteries of the human mind and the possibility of tapping into unseen dimensions of reality.
