## **Divine Embrace:**

**The Divine Embrace** Christina Rees, 2000 Spirituality writer Christina Rees takes a personal look at the love of God in Christian belief She considers aspects of Creation the nature of the Trinity and God's revealing of himself to people She also explores the person of Jesus and the meaning and message of his life death and resurrection Power and the Spirit of God Bernard Cooke, 2008-09-15 In this book the distinguished Roman Catholic theologian Bernard Cooke reassesses the long standing Christian description of divine power The word power evokes the spheres of economic political and social life Cooke suggests however that the deepest questions about conflicting powers are theological and concern what Christians have traditionally referred to as the Holy Spirit and salvation *By what Authority?* Robert L. Millet, 2010 After the apostles Peter and John had healed the lame man at the Gate Beautiful the two disciples were arrested and later brought before the Sanhedrin to account for their deed one that continued to stir the already anxious leaders of the Jews And when they had set them in the midst they asked By what power or by what name have ye done this Acts 4:7 Indeed what was the source of their miracle And by what power or authority did they perform it Those queries ring through the centuries because people in our day still pose the questions Most Christians want to be a part of a denomination or organization that is true faithful to what existed in the first century authorized and therefore approved of God They want to know in other words that God is governing among his people that he is empowering the body of Christ of which they are a part The essays in this book address the central issue of such authority in the Christian life Book Jacket *A Language for the Soul* Stuart C. Devenish, 2024-10-24 This volume offers Christian spiritual instructors a language for the soul uncovered from the storehouses of Christianity's ancient living spiritual tradition That language describes the deep soul movements that unfold in the interior life of believers in response to the Divine invitation It presents an accessible language of the soul for use in today's professional educational ministerial and everyday life situations The end product is an experiential dictionary comprised of sixty word concepts which name and explore the inward human reactions to the whispering of God's Spirit Those reactions result from inward desires that lead to the embrace of faith the quest for consecration and the journey of discipleship Nurturing these intra personal choices and commitments is the central task of Christian ministry but many faith instructors remain unaware of these critical inner life processes More than other resources available today this experiential dictionary informs enriches and intensifies the spiritual journeys of genuine disciples and seekers The volume is tailored for seminaries churches schools and community settings It has application to the training of ministry leaders the instruction of believers and in supporting the growing number of secular mystics who are open to merging their journeys of self discovery with the quest for Christ discovery *The Eucharist as a Countercultural Liturgy* Yik-Pui Au, 2017-04-14 Since its institution the Eucharist has been celebrated in all churches regardless of denominational differences Yet its importance should not be just confined to the Christian communities it can have transformational power in the cultural milieu In this book Yik Pui Au

argues that the Eucharist can be a countercultural liturgy that upholds the identity and values of Christianity by countering cultural currents that are contrary to the Christian faith. Au takes an interdisciplinary approach comprised of church history, ritual theory, and theology of culture to examine systematically the countercultural functions of the Eucharist interpreted by three modern theologians: Henri de Lubac, John Zizioulas, and Miroslav Volf, representing the Catholic, Orthodox, and Protestant traditions respectively. The comparative evaluation of this cross-tradition analysis supports Au's argument that even though culture is complex and changing, the countercultural function of the Eucharist remains valid. Despite its complexity, culture can be transformed by the Eucharist, and it can also challenge and renew our understanding of the Eucharist. She suggests that due to its richness, the countercultural function of the Eucharist cannot be exhausted by one tradition. It is the task of theologians to help the church continually venture to explore and vivify this function ecumenically.
