**Is Present Reality** Vipin Gupta,2021-02-19 Is Present Realty The Super science of the transcendental value investigates our reality as an entity who has the power to shape the present and be the light that affirms our presence in the eternal

future The transcendental value of the past is immanent within the present The present becomes the subject of scientific investigation The entity who conceived the scientifically investigable present is the super scientific factor whose reality transcends beyond the limits of science An observer behaves as a mirror image of the present and uses the light of self consciousness for illuminating the reality of the universe Without the observer s light the present of the universe is the dark matter Once the observer services the sentient light force the future of the observer is the black hole As a manager of our reality we have an option not to transform our sentient energy into a light force behaving as if we are the white star source of light for illuminating the reality of the universe Instead we may invest our energy for conceiving a different reality at any moment that thereafter constitutes the past Such unique reality is scientifically observable in the present as the illuminated matter The illuminated matter is a proportion of the present which is the dark matter Thus if an observer observes the illuminated matter as the rope it might as well be a body of atoms that eventually transforms into a body of cells That body of cells may be the reality of a snake What we observe and experience in the present is not necessarily the reality This work reveals the blockages that limit our vision s dimensionality and the solutions to be the reality that shapes the eternal present

**The Theosophist** ,1890 **Is Divine Energy** Vipin Gupta,2021-04-30 Is Divine Energy The secret of the limitless immanent value is a profound explanation of why divine is a state of mind Our divinity is the impact we make through our conscious decisions We also reproduce transcendental divinity by para consciously letting our decisions be guided by a para entity s divine plan After that we seek to invest our divine energy to compensate for programmatic evolution guided behaviors and become a revolutionary servicing our supernatural impact What begins with a linear proportionality of each person s intrinsic divinity transforms into a nonlinear proportionality of the extrinsic divinity and motivates a parabolic proportionality of the person s present absolute divinity The infinity of microcosmic parabolic reactions constitutes a chaotic reality at the macrocosmic level The chaotic reality lets the first moving primordial entities enjoy a disproportionate conscious benefit of growth in their divinity The later evolving primeval entities suffer a disproportionate conscious cost of entropy in their divinity At any moment the present entity has a choice not to be either the evolved and constrained follower or the revolving and constraining leader A present entity may decide to be a freedom entrepreneur inspiring everybody to be the revolutionary and appropriate the entire evolutionary benefit of devoted followership of the perpetuating para deity oneself For avoiding the certainty of the survival of only the one who is free from the two dimensional present effect as the fittest we need to master the technique of responsibly managing the divine element Is Divine Energy highlights how by opening one s mind one may become free from the theory effect of a culturally binding primordial creator and the ideal effect of a consciousness binding absolute creature It demonstrates how each primeval creation of Mother Nature can enjoy the limitless transformations of the desired mood destiny divinity and eternity using the self as the immanent value It elegantly integrates and resolves grand challenges in a range of scientific disciplines and metaphysical discourses

**The Missing Book of Genesis** Stephen Fairweather,2010-06-23 Jesus fulfilled the promise he made 2000 years ago to provide mankind with all truths his promise was fulfilled in 1981 His decoding of the Apocalypse prophecies and sharing of the missing details of mankind s origin and birth of the physical universe have created a new and complete 21st Century Bible for the world This new Bible supersedes all Bibles and Religions and placed the guidance of mankind s future back in the hands of the divine teacher The evidence of proof I needed to prove the truth of creation for myself was overwhelming due to the release of the missing information on the beginning and ending of Creation Those who said it couldn t be done was wrong and will be

surprised to know that every human on the planet will now be able to prove the truth of creation for themselves Two thousand years ago I offered to give them more detailed revelations later on John 16 12 15 that is what I am doing today
