digital research resources make it possible to interrogate the title and to identify the play's subject matter analogues and likely genre. But these concrete examples raise wider theoretical problems: What is a lost play? What can and cannot be said about objects in this problematic category? Known lost plays from the early modern commercial theatre outnumber extant plays from that theatre, but how in practice can one investigate them? This book offers an innovative theoretical and practical frame for such work, putting digital humanities into action in the emerging field of lost play studies.

Lacuna Sean Rian, 2013. *Lacuna* defined in the Oxford Dictionary as a Hiatus, blank, missing portion, empty part. Seemed to be the picture of the world to J, whom on the death of his exhausted mother becomes the sole carer of his aged father who is in an advanced state of Alzheimers in a confused, agitated South London where mobile phones and iPods both addictive and sedative are background Muzak to more serious displays of road rage, street rage and drug activity. Encountering a Health Service whose professionals find it as difficult as him to reach down into the heart of this unseen, ungraspable disease, he is forced to seek innovative ways of dealing with the daily problems. A chance meeting at his local pub provides him with an informal support group. Three men that he meets in the late evening several times a week become to him the Three Wise Men, affectionately abbreviated to TWM. In the third year when his father takes a serious fall, they enter into a world of medicine which is advanced and competent but where nursing has become clerical rather than physical and where care has been marginalised by pseudo professionalism. Whilst grim duty never goes away, what began as a five year retreat from Moscow becomes in part a rewarding internal Odyssey. A gradual retrospective view of his father's early imperceptible decline does bring a degree of understanding and the lifelong unbroken friendship between them is reconfirmed.

Hausa Superstitions and Customs Arthur John Newman Tremearne, 1913. *Victorian Comedy and Laughter* Louise Lee, 2020-08-06. This innovative collection of essays is the first to situate comedy and laughter as central rather than peripheral to nineteenth century life. *Victorian Comedy and Laughter: Conviviality, Jokes and Dissent* offers new readings of the works of Charles Dickens, Edward Lear, George Eliot, George Gissing, Barry Pain and Oscar Wilde alongside discussions of much loved Victorian comics like Little Tich, Jenny Hill, Bessie Bellwood and Thomas Lawrence. Tracing three consecutive and interlocking moods in the period, all of the contributors engage with the crucial critical question of how laughter and comedy shaped Victorian subjectivity and aesthetic form. Malcolm Andrews, Jonathan Buckmaster and Peter Swaab explore the dream of print culture, togetherness that is conviviality, while Bob Nicholson, Louise Lee, Ann Featherstone, Louise Wingrove and Oliver Double discuss the rise on rise of the Victorian joke, both on the page and the stage, while Peter Jones, Jonathan Wild and Matthew Kaiser consider the impassioned debates concerning old and new forms of laughter that took place at the end of the century.
