collection bringing together in a single volume a number of the best twentieth century essays on Byron s dramas together
with comprehensive bibliographies on each of them *Critical Essays on Lord Byron* Robert F. Gleckner,1991 A collection
of previously published essays and book excerpts serving in toto as a kind of history of Byron criticism since 1960 beginning

Peter Cochran,2014-10-16 Aspects of Byron s Don Juan is in part a proceedings volume from the 2012 conference held by the
Newstead Byron Society at Nottingham Trent University Speakers represented in the book include Malcolm Kelsall Peter
Cochran Diego Saglia and Itsuyo Higashinaka Topics range from the politics of Don Juan and its treatment of women to its
comic rhymes One section is devoted to the poem s importance in the literatures of Spain and Russia another to the vast
catalogue of Byron s prose sources from cannibalism to cookery books and a final section to the important role played by
Mary Shelley in copying most of the poem for the printer The editor s introduction describes the enormous literary tradition
of which Don Juan forms a vital continuation from Pulci s Morgante Maggiore via Rabelais Cervantes and Montaigne to the
novelists Sterne Smollett and Fielding all of whom Byron adored Another chapter concerns the differing ways in which Don
Juan has been treated by other artists from Tirso de Molina via E T A Hoffman to Johnny Depp **Byron's Poetry** Peter
Cochran,2012-04-25 Byron s dubious status as a sex object and his even more dubious status as a political icon serves to
disguise the fact that he is one of the greatest of all English poets with a European reputation second only to Shakespeare
The fact that writers such as Goethe and Pushkin held him in the highest regard ensures that the English continue to despise
him and ignore his verse as much as possible This book ignores his sexuality his politics and his iconography and
concentrates on his poems Written by leading authorities such as Bernard Beatty Germaine Greer and Michael O Neill it
contains essays on his verse forms and his comic rhymes as well as thematic analyses on such recurrent Byronic themes as
the Sea Will o the Wisps and Love versus Knowledge In the face of many modern books which translate his verse into prose
and try without success to analyse the result Byron s Poetry puts his real achievement as a creative writer back into the focus
