It includes tips on writing efficient, error-free code; over 100 ready-to-run programs; guidance on high-speed graphics; debugging; and more.

*Linux Dictionary* Binh Nguyen, This document is designed to be a resource for those Linux users wishing to seek clarification on Linux, UNIX, POSIX related terms and jargon. At approximately 24,000 definitions and two thousand pages it is one of the largest Linux related dictionaries currently available. Due to the rapid rate at which new terms are being created it has been decided that this will be an active project. We welcome input into the content of this document. At this moment in time half-yearly updates are being envisaged. Please note that if you wish to find a Computer Dictionary then see the Computer Dictionary Project at <http://computerdictionary.tsf.org.za>. Searchable databases exist at locations such as <http://www.swpearl.com/eng/scripts/dictionary>. SWP Sun Wah Pearl Linux Training and Development Centre is a centre of the Hong Kong Polytechnic University established in 2000. Presently SWP is delivering professional grade Linux and related Open Source Software (OSS) technology training and consultant service in Hong Kong. SWP has an ambitious aim to promote the use of Linux and related Open Source Software (OSS) and Standards. The vendor-independent positioning of SWP has been very well perceived by the market. Throughout the last couple of years SWP becomes the Top Leading OSS training and service provider in Hong Kong. <http://www.geona.com/dictionary>. b Geona operated by Gold Vision Communications is a new powerful search engine and internet directory delivering quick and relevant results on almost any topic or subject you can imagine. The term Geona is an Italian and Hebrew name meaning wisdom, exaltation, pride or majesty. We use our own database of spidered web sites and the Open Directory database, the same database which powers the core directory services for the Web's largest and most popular search engines and portals. Geona is spidering all domains listed in the non-adult part of the Open Directory and millions of additional sites of general interest to maintain a full-text index of highly relevant web sites. <http://www.linuxdig.com/documents/dictionary.php>. LINUXDIG.COM Yours News and Resource Site. LinuxDig.com was started in May 2001 as a hobby site with the original intention of getting the RFC's online and becoming an Open Source software link download site. But since that time the site has evolved to become a RFC distribution site, Linux news site, and a locally written technology news site with bad grammar with focus on Linux while also containing articles about anything and everything we find interesting in the computer world. LinuxDig.Com contains about 20,000 documents and this number is growing everyday.

Fultus Corporation helps writers and companies to publish, promote, market, and sell books and eBooks. Fultus combines traditional self-publishing practices with modern technology to produce paperback and hardcover print on demand (POD) books and electronic books (eBooks). Fultus publishes works of fiction, non-fiction, science fiction, mystery, by both published and unpublished authors. We enable you to self-publish easily and cost-effectively, creating your book as a print-ready paperback or hardcover POD book, or as an electronic book (eBook) in multiple eBook formats. You retain all rights to your work. We provide distribution to bookstores worldwide, and all at a fraction of the cost of traditional publishing. We also offer corporate publishing solutions that enable businesses to produce and deliver manuals and documentation more efficiently and economically. Our use of electronic delivery and print on demand technologies reduces printed inventory and saves time. Please inform the author as to whether you would like to create a database or an alternative form of the dictionary, so that he can include you in this list. Also note that the author considers breaches of copyright to be extremely serious. He will pursue all claims to the fullest extent of the law.
