Caesars Wives:

Caesars' Wives Annelise Freisenbruch,2011-10-25 Documents the stories of eight wives of Roman rulers assessing their historical contributions and cultural influence and drawing parallels between modern first ladies and the lives of such ancient world figures as Livia Helena and Julia

Caesars' Wives Annelise Freisenbruch,2010-11-09 In scandals and power struggles obscured by time and legend the wives mistresses mothers sisters and daughters of the Caesars have been popularly characterized as heartless murderers shameless adulteresses and conniving politicians in the high dramas of the Roman court Yet little has been known about who they really were and their true roles in the history making schemes of imperial Rome s ruling Caesars indeed how they figured in the rise decline and fall of the empire Now in **Caesars Wives Sex Power and Politics in the Roman Empire** Annelise Freisenbruch pulls back the veil on these fascinating women in Rome s power circles giving them the chance to speak for themselves for the first time With impeccable scholarship and arresting storytelling Freisenbruch brings their personalities vividly to life from notorious Livia and scandalous Julia to Christian Helena Starting at the year 30 BC when Cleopatra Octavia and Livia stand at the cusp of Rome s change from a republic to an autocracy Freisenbruch relates the story of Octavian and Marc Antony s clash over the fate of the empire an archetypal story that has inspired a thousand retellings in a whole new light uncovering the crucial political roles these first first ladies played From there she takes us into the lives of the women who rose to power over the next five centuries often amid violence speculation and schemes ending in the fifth century ad with Galla Placidia who was captured by Goth invaders and married to one of their kings The politics of Rome are revealed through the stories of Julia a wisecracking daughter who disgraced her father by getting drunk in the Roman forum and having sex with strangers on the speaker s platform Poppea a vain and beautiful mistress who persuaded the emperor to kill his mother so that they could marry Domitia a wife who had a flagrant affair with an actor before conspiring in her husband s assassination and Fausta a stepmother who tried to seduce her own stepson and then engineered his execution afterward she was boiled to death as punishment Freisenbruch also tells a fascinating story of how the faces of these influential women have been refashioned over the millennia to tell often politically motivated stories about their reigns in the process becoming models of femininity and female power Illuminating the anxieties that persist even today about women in or near power and revealing the female archetypes that are a continuing legacy of the Roman Empire Freisenbruch shows the surprising parallels of these iconic women and their public and private lives with those of our own first ladies who become part of the political agenda as models of comportment or as targets for their husbands opponents Sure to transform our understanding of these first ladies the influential women who witnessed one of the most gripping significant eras of human history **Caesars Wives** is a significant new chronicle of an era that set the foundational story of Western Civilization and hung the mirror into which every era looks to find its own reflection

Great Women of Imperial Rome Jasper Burns,2006-11-22 Drawing from a broad range of documentation

this book vividly characterizes eleven royal women who are brought visually to life through photographs of over 300 ancient coins and through the author's own illustrations. Spanning the period from the death of Julius Caesar in 44BC to the third century AD and with an epilogue surveying empresses of later eras, the author's compelling biographies reveal their remarkable contributions towards the legacy of Imperial Rome. Examining the wives, daughters, sisters, and mothers of emperors, the study includes a pregnant Roman princess who saves a Roman army through an act of personal heroism, three third-century empresses who rule the most powerful state on Earth, presiding over unprecedented social and political reform, an empress though revered by her husband is immortalized in history for infidelity and corruption by students of her greatest enemy. Jasper Burns paints portraits of these exceptional women that are colourful, sympathetic, and above all, profoundly human. This book will be highly valuable to numismatists, students, and scholars of Roman history or women's studies.
