

# Canon introduces the Image Processor.

Image Processor

# T70

## Canon

Now Canon revolutionizes personal photography with the world's first Image Processor—the Canon T70.

You begin with the image. And the new T70 processes it faultlessly in every conceivable situation. With operation so simple it's astounding. Just imagine.

The brilliant advancement of eight exposure modes from Canon's exclusive Multi-program Auto Exposure System, including action-stopping shutter-priority AE. Dual metering. "Full Information" LCD. Auto load, auto film advance, auto rewind. And the versatility of Canon's complete photographic system.

Canon's new T70 Image Processor—the next generation SLR camera.

Now there's nothing between you and your creativity.
