Capital Punishment In America:

The Death Penalty Raymond Paternoster, Robert Brame, Sarah Bacon, 2008-05-08 This book addresses one of the most controversial issues in the criminal justice system today the death penalty Paternoster et al present a balanced perspective that focuses on both the arguments for and against capital punishment Coverage draws on legal historical philosophical economic sociological and religious points of view Topics include The history of the death penalty in the United States from the 1600s to today The changing nature of the death penalty changes in the types of crimes that warranted the penalty the procedures employed to put capital offenders on trial and the methods used to impose death Constitutional legal issues surrounding the death penalty The influence of race on the administration of the death penalty both in the past and in the present Justifications for and against the death penalty retribution cost public safety and religious arguments Questions about the execution of innocents exonerated capital offenders and flaws in the operation of the death penalty Public opinion and the death penalty The death penalty and international law and practice The future of the death penalty in America

The Death Penalty in America Hugo Adam Bedau, 1998-05-28 In *The Death Penalty in America Current Controversies* Hugo Adam Bedau one of our preeminent scholars on the subject provides a comprehensive sourcebook on the death penalty making the process of informed consideration not only possible but fascinating as well No mere revision of the third edition of *The Death Penalty in America* which the New York Times praised as the most complete well edited and comprehensive collection of readings on the pros and cons of the death penalty this volume brings together an entirely new selection of 40 essays and includes updated statistical and research data recent Supreme Court decisions and the best current contributions to the debate over capital punishment From the status of the death penalty worldwide to current attitudes of Americans toward convicted killers from legal arguments challenging the constitutionality of the death penalty to moral arguments enlisting the New Testament in support of it from controversies over the role of race and class in the judicial system to proposals to televise executions Bedau gathers readings that explore all the most compelling aspects of this most compelling issue

The Death Penalty in America Hugo Adam Bedau, 1982 A study of capital punishment issues including American attitudes deterrence problems and discussions for and against the death penalty

The Death Penalty in America Robert M. Bohm, 1991

The Death Penalty Stuart Banner, 2009-07-01 The death penalty arouses our passions as does few other issues Some view taking another person's life as just and reasonable punishment while others see it as an inhumane and barbaric act But the intensity of feeling that capital punishment provokes often obscures its long and varied history in this country Now for the first time we have a comprehensive history of the death penalty in the United States Law professor Stuart Banner tells the story of how over four centuries dramatic changes have taken place in the ways capital punishment has been administered and experienced In the seventeenth and eighteenth centuries the penalty was standard for a laundry list of crimes from adultery to murder from arson to stealing horses Hangings were public events staged before audiences

numbering in the thousands attended by women and men young and old black and white alike Early on the gruesome spectacle had explicitly religious purposes an event replete with sermons confessions and last minute penitence to promote the salvation of both the condemned and the crowd Through the nineteenth century the execution became desacralized increasingly secular and private in response to changing mores In the twentieth and twenty first centuries ironically as it has become a quiet sanitary technological procedure the death penalty is as divisive as ever By recreating what it was like to be the condemned the executioner and the spectator Banner moves beyond the debates to give us an unprecedented understanding of capital punishment s many meanings As nearly four thousand inmates are now on death row and almost one hundred are currently being executed each year the furious debate is unlikely to diminish The Death Penalty is invaluable in understanding the American way of the ultimate punishment

Women and Capital Punishment in America, 1840-1899 Kerry Segrave,2008-04-30 Perhaps the single medium in which women have been consistently treated as equal to men is the American judicial system Although the system has met with enormous public condemnation equality under the law has justified the legal execution of nearly six hundred American women since 1632 This book profiles the lives and cases of selected women sentenced to capital punishment in America between 1840 and 1899 most of whom were executed by hanging The book is divided into chapters by decades chronologically following a summary of the long and heated debate regarding women and capital punishment Also evident is the influence of the 1870s women s rights movement on the issue Each chapter concludes with a comprehensive list of all women executed in the United States during the respective decade specifying age ethnicity and criminal conviction *Debating the Death Penalty* Hugo Adam Bedau,Paul G.

Cassell,2005-03-24 When news breaks that a convicted murderer released from prison has killed again or that an innocent person has escaped the death chamber in light of new DNA evidence arguments about capital punishment inevitably heat up Few controversies continue to stir as much emotion as this one and public confusion is often the result This volume brings together seven experts judges lawyers prosecutors and philosophers to debate the death penalty in a spirit of open inquiry and civil discussion Here as the contributors present their reasons for or against capital punishment the multiple facets of the issue are revealed in clear and thought provoking detail Is the death penalty a viable deterrent to future crimes Does the imposition of lesser penalties such as life imprisonment truly serve justice in cases of the worst offences Does the legal system discriminate against poor or minority defendants Is the possibility of executing innocent persons sufficient grounds for abolition In confronting such questions and making their arguments the contributors marshal an impressive array of evidence both statistical and from their own experiences working on death penalty cases The book also includes the text of Governor George Ryan s March 2002 speech in which he explained why he had commuted the sentences of all prisoners on Illinois s death row By representing the viewpoints of experts who face the vexing questions about capital punishment on a daily basis *Debating the Death Penalty* makes a vital contribution to a more nuanced understanding of the moral and legal

problems underlying this controversy The History of the Death Penalty in the United States Jacqueline Herrmann, 2008-03-07 Seminar paper from the year 2007 in the subject American Studies Culture and Applied Geography grade 1 University of Frankfurt Main Institut für England und Amerikastudien course Social Issues in U S Supreme Court History language English abstract Die Arbeit verschafft einen Überblick über die Todesstrafe in der USA Dabei wird versucht die gesamte Geschichte der Todesstrafe von der Kolonialzeit bis heute zu skizzieren Anhand ausgewählter Fälle des Obersten Gerichtshofes vor allem aus den 1960er Jahren werden Verfassungsmässigkeit etc bestimmter Fälle diskutiert Insgesamt verschafft die Arbeit einen guten Überblick über das gesamte Todesstrafensystem der USA nur auf juristischer nicht politischer oder moralischer Ebene Electrocutation lethal injection gas chamber hanging shooting beheading or stoning are different ways or instruments to execute a person who is sentenced to death Death penalty or capital punishment means the intentional killing of a person who is guilty to have committed a certain crime After a legal trial the person is sentenced to death The way by which the death is put into effect depends on the country and its laws Death penalty or capital punishment is a very controversial topic concerning political judicial and moral issues This paper will be about the death penalty prior in the United States of America In part I I will present some facts and figures as well as give a short introduction to death penalty in general I think it will be also necessary to outline the history of the death penalty in the United States I will give a short overview of the most important developments from colonial times until the 1950s The 1960s constituted a big challenge for the legality and constitutionality of the death penalty That is why I will analyze this period in particular in Part II of this work I will present selected Supreme Court Cases and their decisions Thus I will try to elaborate the judicial developments of the death penalty in the United States Therefore I will deal with cases regarding the constitutionality of the death penalty furthermore with cases on death penalty laws and limitations of the death penalty I want to emphasize that I will concentrate primarily on the judicial aspects of this topic I will not deal with moral or political issues but they might be mentioned additionally By this means I would like to examine how the death penalty is anchored in U S law and to find out which cases played an important role and contributed to this development In so doing I will draft a picture of the death penalty system in the United States The Death Penalty in America Hugo Adam Bedau, 1967 *Death in the Dark* John D. Bessler, 1997 A provocative comprehensive history of American executions from colonial days to the present *Capital Punishment in America* Raymond Paternoster, 1991 In the 1970s and the 1980s polls in the United States showed approval of the death penalty growing consistently with nearly 80 percent of the public favoring capital punishment for murderers in 1988 Yet during the last decade when approximately 300 persons were sentenced to the death penalty each year an average of only ten were executed each year And those deaths that did occur were normally delayed for eight years after sentencing What explains these significant refusals to implement policies of capital punishment Raymond Paternoster demonstrates conclusively that despite the public's desire to punish criminals to protect ourselves to spend tax dollars effectively and to

compensate victims families we are reluctant to actually take the lives of prisoners and in fact that most Americans would choose to abolish capital punishment if they knew of an effective alternative That alternative Paternoster asserts is to replace the death penalty with sentences of life without parole along with mandatory financial restitution to the victim s survivors This policy would ensure that convicted murderers receive harsh punishment and with parole forbidden in all cases the public would be protected from any future crimes such criminals could commit Paternoster shows that life sentences may actually be less expensive than execution and a more effective deterrent than the infrequently imposed death penalty In addition life sentences could require prisoners to pay a portion of their prison wages to their victims survivors Most importantly such a policy would ensure that the government does not execute innocent people Paternoster s well documented book argues cogently against capital punishment as an appropriate and effective response to murderers and offers a sound alternative that addresses the public s demand for justice safety and restitution *Capital Punishment in America* Evan Mandery,2011-02-28 This revised and updated second edition is an overview of capital punishment It offers an examination of the death penalty supported by statistics and Supreme Court cases and followed by pro and con discussions The book addresses every major issue relating to the death penalty including deterrence racial impact arbitrariness its use on special populations and methods of execution This text challenges students to evaluate their beliefs and assumptions on each of the various issues surrounding this controversial subject Each chapter begins with a primer of the issue to be discussed followed by the data and critical documents necessary to make an educated assessment and concludes with essays that offer differing viewpoints by some of the best minds in the country New material added to the second edition includes updated data on deterrence new data and articles on brutalization and cost new cases and articles on the death penalty for juveniles new case and articles on the death penalty for raping a child and a new chapter on methods of execution *Race, Class, and the Death Penalty* Howard W. Allen,Jerome M. Clubb,2009-01-01 In *Race Class and the Death Penalty* Howard W Allen and Jerome M Clubb examine historical trends in the use of capital punishment in the United States Employing empirical data the authors explore how frequently the death penalty has been used and how its frequency of use has changed where the death penalty was used most often the offenses charged and the characteristics of the executed Not surprisingly their findings indicate that minority groups particularly African Americans and those of lower social and economic status in general have been executed in disproportionate numbers The authors conclude that while the use of the death penalty has progressively declined and the range of capital offenses has narrowed disparities in the use of capital punishment between social groups and regions that appeared in the colonial period have persisted into the twenty first century *Peculiar Institution* David Garland,2010-10 Why does the United States alone among Western democracies still have the death penalty It s not a new question but David Garland provides fresh answers from a multilayered analysis The title hints at the most provocative part of Garland s answer In American history the peculiar institution is slavery Anyone who thinks its vestiges were wiped out by

the Emancipation Proclamation or civil rights laws should read this book and think again *Capital punishment in contemporary US America* Lissy Petrezselyem, 2008-08-26 Examination Thesis from the year 2008 in the subject American Studies Culture and Applied Geography grade 1 0 Dresden Technical University course Abschlussarbeit zur Erlangung des Staatsexamens language English abstract Die Examensarbeit befasst sich mit dem Thema der Todesstrafe im zeitgenössischen US Amerika und versucht den Grund für dessen in der westlichen Welt singulären Befürwortung dieser Strafe aufzudecken Sie besteht aus 2 ineinandergreifende Teile einen geschichtlichen Abriss der Entwicklung der Todesstrafe beginnend in den 1960er Jahren der mit der Schilderung der gegenwärtigen Situation in den USA endet und eine anschließende um Objektivität bemühte Debatte und Darstellung von Argumenten sowohl für als auch gegen die Todesstrafe die im Laufe der Geschichte immer wieder auftauchen und immer noch auftauchen Dabei wird eine Veränderung der Argumentation für und gegen die Todesstrafe während der letzten 4 Jahrzehnte ersichtlich die mit der allgemeinen gesellschaftlichen Entwicklung in den USA zusammenhängt *America's Death Penalty* David Garland, Randall McGowen, Michael Meranze, 2011-01-25 Resource added for the Psychology includes Sociology 108091 courses [Capital Punishment in America](#) Michael L.
