CAPTAIN BRITAIN

Captain Britain

Dwight Jon Zimmerman

Captain Britain:

British Comics James Chapman, 2011-12-01 Arguing that British comics are distinct from their international counterparts a unique showcase of the major role they have played in the imaginative lives of British youth and some adults In this entertaining cultural history of British comic papers and magazines James Chapman shows how comics were transformed in the early twentieth century from adult amusement to imaginative reading matter for children Beginning with the first British comic Ally Sloper known as A Selection Side splitting Sentimental and Serious for the Benefit of Old Boys Young Boys Odd Boys generally and even Girls British Comics goes on to describe the heyday of comics in the 1950s and 60s when titles such as School Friend and Eagle sold a million copies a week Chapman also analyzes the major genres including schoolgirl fantasies and sports and war stories for boys the development of a new breed of violent comics in the 1970s including the controversial Action and 2000AD and the attempt by American publisher Marvel to launch a new hero for the British market in the form of Captain Britain Considering the work of important contemporary comic writers such as Alan Moore Grant Morrison Ian Edginton Warren Ellis and Garth Ennis Chapman s history comes right up to the present and takes in adult oriented comics such as Warrior Crisis Deadline and Revolver and alternative comics such as Viz Through a look at the changing structure of the comic publishing industry and how comic publishers writers and artists have responded to the tastes of their consumers Chapman ultimately argues that British comics are distinctive and different from American French and Japanese comics An invaluable reference for all comic collectors and fans in Britain and beyond British Comics showcases the major role comics have played in the imaginative lives of readers young and old

Warfare on the Mediterranean in the Age of Sail David S.T. Blackmore, 2014-01-10 Between the last battle fought entirely under oars in 1571 and the first fought entirely under steam in 1866 naval warfare in the Middle Seas and adjacent Atlantic waters was dominated by the sailing warship This exploration of that distinct period in military history begins with an overview of the galley warfare that dominated the Mediterranean for millennia and a discussion of the technological developments including the sail and the cannon which led to the galley s demise Subsequent chapters discuss the role of sailing ships in every major conflict on the Mediterranean from the 16th century Eighty Years War to the late 19th century Austro Prussian Italian War In addition to the major battles the book also highlights smaller encounters between single ships or light squadrons important conflicts often overlooked in naval histories

Marvel Encyclopedia Stephen Wiacek, DK, Stan Lee, Adam Bray, 2019-04-02 Discover the essential facts about Marvel Comics timeless heroes and villains from Captain America Spider Man and Iron Man to Thanos Loki and Kingpin with an introduction by the legendary Stan Lee This is the book that mankind has been hungering for says American comic book writer editor publisher and producer Stan Lee a book that is now and forever a shining beacon of wonder a titanic tribute to talent unleashed With this new edition of DK s best selling Marvel Encyclopedia keep up with the ever expanding Marvel Universe Updated and expanded find out vital information and secret histories for
