JOY HANCOX

Byrom Collection

**Manchester Public Libraries
(Manchester, England)**

Byrom Collection:

The Byrom Collection Joy Hancox, 1992 Before he was executed for his part in the Jacobite rebellion Siddal had lived near Manchester in a farmhouse now altered and the home of the author of this book Curious about Siddal's silence at the trial Joy Hancox came to believe he had gone to the gallows to protect someone else Her investigations revealed a close connection between Siddal and his neighbour John Byrom a respected member along with Newton Wren and Hans Sloane of The Royal Society Byrom who was known to harbour Jacobite sympathies invented a system of shorthand later developed by Pitman which might well have provided protection against any charge of heresy after he formed his Cabala Club Already his loyalty to the Stuarts had denied him a career at Cambridge and in the Church *The Tree of Life and the Holy Grail* Sylvia Francke, 2007 Recent works of fiction and popular history have promoted the idea that the Holy Grail symbolizes a physical bloodline that resulted from a union of Jesus Christ and Mary Magdalene It is claimed by some that this is the secret kept tirelessly by certain esoteric movements for the past two millennia Based on her groundbreaking research Sylvia Francke exposes this notion as a blatant misinterpretation of the mystery traditions that preceded and ran parallel to the birth of Christianity She traces the ancient spiritual paths of knowledge from the Cathars the Knights Templar and the enigmatic Rosicrucians to the work of Rudolf Steiner in the twentieth century Here she concludes is true Grail knowledge the Tree of Life and the Holy Grail itself explained in their metaphysical context She suggests a solution to the mystery of sudden wealth and the strange behavior of Benger Sauniere the mysterious priest of Rennes le Chateau in southern France True Grail knowledge Francke concludes has nothing to do with bloodlines or worldly status rather it is an ancient lifeline to the spiritual origins of creation Its energetic forces radiate out from the Earth and in from the constellations and planets while interacting with human individuals It represents the key to fulfilling humanity's quest and the next step in human evolution The recent explosion of interest in revisionist Christianity history the shadow Grail prompted Sylvia Francke to revise *The Tree of Life and the Holy Grail* first published in 1996 The result is a completely reworked and expanded book that offers a powerful and convincing refutation of distorted esoteric truths *The Byrom Collection and the Globe Theatre Mystery* Joy Hancox, 1997-01-01 Among the Collection's precise geometric drawings of little observed features of Westminster Abbey the Temple Church in London King's College Chapel in Cambridge and Milan Cathedral are what purport to be the setting out plans for the original Globe Theatre the Rose and five other Elizabethan playhouses The author made these extraordinary documents available to researchers involved in rebuilding the Globe on Bankside who chose to discount their validity and Joy Hancox's interpretation of them Since then archaeological excavations at the Globe site have lent support to the accounts in this book Now that the new theatre is completed it is already receiving criticism for its size inadequate acoustics and poor sightlines As the author reveals in her new Preface to the paperback edition of her book her own interpretation of the Byrom drawings would result in a smaller structure of only eight sides in which an overall harmony of design comes together to

provide good sightlines and good acoustics Additional evidence is provided in a new book to be published shortly by Professor John Gleeson of the University of San Francisco in support of the Globe plans found in the Byrom Collection Even more remarkable the concept behind all these architectural designs

MUSIC AND DEEP MEMORY Bryan Carr and Richard Dumbrill,2018-08-06 This book is an homage to Ernest G McClain and includes the following articles Jean Le Mee THE CHALLENGE OF ABUL WAFI Leon Crickmore CASTLERIGG STONE OR TONE CIRCLE Jay Kappraff ANCIENT HARMONIC LAW Sarah Reichart P tur Halld rsson PATTERN OF SETTLEMENTS PACED FROM 1 9 Anne Bulckens THE METONIC CYCLE OF THE PARTHENON Jay Kappraff and Ernest McClain THE PROPORTIONAL SYSTEM OF THE PARTHENON Richard Heath THE GEODETIC AND MUSICOLOGICAL SIGNIFICANCE OF THE SHORTER LENGTH OF THE PARTHENON Richard Heath ERNEST MCCLAIN S MUSICOLOGICAL INTERPRETATION OF ANCIENT TEXTS John Bremer THE OPENING OF PLATO S POLITY Bryan Carr ONTOLOGY INSIDE OUT Babette Babich THE HALLELUJAH EFFECT Pete Dello MCCLAIN S MATRICES Richard Dumbrill SEVEN YES BUT Howard Barry Schatz THROUGH THE EYES OF PLATO Gerry Turchetto MEMORIES OF ERNEST G MCCLAIN

[Directory of Rare Book and Special Collections in the UK and Republic of Ireland](#) Karen Attar,2016-05-31 This directory is a handy on volume discovery tool that will allow readers to locate rare book and special collections in the British Isles Fully updated since the second edition was published in 1997 this comprehensive and up to date guide encompasses collections held in libraries archives museums and private hands The Directory Provides a national overview of rare book and special collections for those interested in seeing quickly and easily what a library holds Directs researchers to the libraries most relevant for

their research Assists libraries considering acquiring new special collections to assess the value of such collections beyond the institution showing how they fit into a unique and distinctive model Each entry in the Directory provides background information on the library and its purpose full contact details the quantity of early printed books information about particular subject and language strengths information about unique works and important acquisitions descriptions of named special collections and deposited collections Readership Researchers academic liaison librarians and library managers A Catalogue of the Library of the Late John Byrom, Esq., M. A., F. R. S., Formerly Fellow of Trinity College, Cambridge, Preserved at Kersall Cell, Lancashire Library Of the Late John Byrom,2017-09-14 Trieste Publishing has a massive catalogue of classic book titles Our aim is to provide readers with the highest quality reproductions of fiction and non fiction literature that has stood the test of time The many thousands of books in our collection have been sourced from libraries and private collections around the world The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original Our readers see the books the same way that their first readers did decades or a hundred or more years ago Books from that period are often spoiled by imperfections that did not exist in the original Imperfections could be in the form of blurred text photographs or missing pages It is highly unlikely that this would occur with one of our books Our extensive quality control ensures that the readers of Trieste Publishing s books will be delighted with their purchase Our staff has thoroughly reviewed every page of all the books in the collection repairing or if necessary rejecting titles that are not of the highest quality This process ensures that the reader of one of Trieste Publishing s titles receives a volume that faithfully reproduces the original and to the maximum degree possible gives them the experience of owning the original work We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality but also providing value to every one of our readers Generally Trieste books are purchased singly on demand however they may also be purchased in bulk Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates

Sacred Architecture of London Nigel Pennick,2012-05-31 London has a unique series of churches built after the Great Fire of 1666 when most of the City of London was destroyed Among these iconic churches are St Paul s St Mary le Bow St Bride s St Clement Danes St Martin in the Fields St Mary le Strand St George Bloomsbury and Christ Church Spitalfields They remain today as outstanding landmarks that define their local cityscapes Designed by Sir Christopher Wren and his followers Hawksmoor Gibbs Archer and James these beautiful churches embody spiritual principles expressed through the conventions of Classical architecture Underlying their outward visible forms is sacred geometry an ancient art that explores the invisible inner structure of the Cosmos and gives expression to it in physical form In this book Nigel Pennick explains the sacred geometry spiritual symbols and emblems that make these churches among the most notable buildings of London

The Aslib Directory ,1928 Martin Folkes (1690-1754) Anna Marie Roos,2021-04-15 Martin Folkes 1690 1754 Newtonian Antiquary Connoisseur is a cultural and intellectual biography of the only President of both the Royal Society and

the Society of Antiquaries Sir Isaac Newton's protégé astronomer mathematician freemason art connoisseur Voltaire's friend and Hogarth's patron his was an intellectually vibrant world Folkes was possibly the best connected natural philosopher and antiquary of his age an epitome of Enlightenment sociability and yet he was a surprisingly neglected figure the long shadow of Newton eclipsing his brilliant disciple A complex figure Folkes edited Newton's posthumous works in biblical chronology yet was a religious skeptic and one of the first members of the gentry to marry an actress His interests were multidisciplinary from his authorship of the first complete history of the English coinage to works concerning ancient architecture statistical probability and astronomy Rich archival material including Folkes's travel diary correspondence and his library and art collections permit reconstruction through Folkes's eyes of what it was like to be a collector and patron a Masonic freethinker and antiquarian and virtuoso in the days before science became subspecialised Folkes's virtuosic sensibility and possible role in the unification of the Society of Antiquaries and the Royal Society tells against the historiographical assumption that this was the age in which the two cultures of the humanities and sciences split apart never to be reunited In Georgian England antiquarianism and science were considered largely part of the same endeavour
