Cannon Fodder A Personal Odyssey:

Cannon Fodder Ira Moe, 2004-07-19

George Washington's Surprise Attack Phillip Thomas Tucker, 2014-03-04

Extensively researched and superbly argued in Tucker's compelling narrative this in depth examination of George Washington's military miracle at the Battle of Trenton unquestionably confirms the vital importance of that stunning victory. Jerry D Morelock PhD editor in chief at Armchair General. Like many historical events the American Revolution is sometimes overlooked ignored or minimized by historians because of common shrouding in romantic myth or interference from stubborn stereotypes. Here historian Phillip Thomas Tucker provides an in depth look at the events of the Battle of Trenton weeding out fiction and legend and presenting new insights and analysis. Stories from many forgotten individuals of the war including officers and soldiers from both sides bring to life the Continental Army's desperate circumstances and shocking victory. Myths that Tucker debunks include the Hessians slovenly drunkenness Washington acting alone in creating the attack strategy and Rall's incompetence as a leader largely contributing to his troops defeat. By exploring the forgotten aspects of one of America's most famous battles revealing Trenton's story proves to be even more fascinating. In the end America's founding was nothing short of miraculous and no chapter of America's story was more miraculous than Washington's improbable success at the battle of Trenton where America's fate was decided to almost everyone's amazement on a dark snowy morning. Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in history books about World War II the Third Reich Hitler and his henchmen the JFK assassination conspiracies the American Civil War the American Revolution gladiators Vikings ancient Rome medieval times the old West and much more. CANNON FODDER An English Boy Raised and Blooded in the Cannon s Mouth Like many English couples exhausted and disenchanted after World War One Douglas Baker s mother and father emigrated with their children to South Africa searching for new opportunities to settle the restlessness that the war had engendered in them South Africa itself was a potpourri of races and cultures which offered opportunities that favoured some whilst allowing them to retain their very English culture Douglas himself born in England had to contend with conditions in the foreign land in which his family had chosen to raise him South Africa was a war torn nation where there had been 82 fiercely fought battles against indigenous peoples like the Zulus more recent settlers like the immigrant Boers German colonials and more recently rebellious elements bordering on civil war Added to this furore a mix of contending civilizations was the discovery of gold and diamonds on the Rand and at Kimberly which added to the excitement and competition It was through the English residents and Empire builders like Cecil Rhodes that the curse of Apartheid and its stark regulations were challenged Cannon Fodder is the

prequel to *War Wine Valour* published in 2005 and documents the author's childhood up to his volunteering to fight for king and country during the Second World War. Douglas Baker is a remarkable man and has written a remarkable book. As an infantryman he rescued a wounded comrade at Gazala while under intensive cross fire. In the carnage at Alamein a shell took away most of his right shoulder blade. He retreated on Sherman tanks. Near Florence an 88mm shell burst on his tank perforating his right lung and almost severing his left arm. He absconded from hospital and fought once more at the front. Although just one man's experience of the war it is a gift to the historian with its engrossing accounts and accurate detail. It is also a fascinating insight into day to day events and personal feelings during this difficult time. He is undecorated and receives no military pension from the British Government. William Roach MBE. Douglas Baker now in his eighty eighth year is a medical doctor, academic and public speaker who has spent the past fifty years researching the hidden facets of human nature. The second volume of the author's autobiography *War Wine and Valour* describes in vivid detail the six arduous years he spent in the British Armed forces during World War Two. Born in England but raised in South Africa he responded to the threat of Nazism and barely sixteen years old enlisted in the Natal Mounted Rifles. His regiment faced Axis forces on five fronts in Kenya, Central Abyssinia, Cyrenaica and with the British Eighth Army he participated in the Battle of El Alamein in which he was dangerously wounded. During the Italian Campaign he fought with the United States Fifth Army and again suffered near mortal injuries when his Sherman tank was hit with enemy shell fire. Through six years of active service he came to understand the psychology of men at bay when confronted repeatedly with bombardment, direct attack and sustained terror. The experience of war evoked in him curiosity and discovery which led to the mastery of medicine at Sheffield University. Interweaving the narrative are detailed descriptions and maps thoroughly researched of the major battles that the author and his comrades participated in. Their first hand experience adds richness to these events. This is a remarkable story of a remarkable man.
