Pirates of the Levant Arturo Pérez-Reverte,2010-09-02 The sixth novel in the international bestselling adventures of Captain Alatrisme set in a time when the only thing needed to summon hell on earth or sea was a Spaniard and his sword Accompanied by his faithful foster

son Inigo Captain Alatrisme accepts a job as a mercenary aboard a Spanish galleon. The ship sets sail from Naples on a journey that will take them to some of the most remote and wretched outposts of the empire: Morocco, Algeria, and finally to Malta for a stunning and bloody battle on the high seas that will challenge even the battle-hardened Alatrisme's resolve. Now seventeen Inigo is almost ready to leave Alatrisme his foster father and fellow soldier. But will age and experience bring wisdom or is he likely to repeat many of his mentor's mistakes? *The Dutch Revolt Through Spanish Eyes* Yolanda Rodríguez Pérez, 2008

Historical and literary works from the Spanish Golden Age offer a wealth of information about the Spanish view of the conflict in the Netherlands during the Dutch Revolt and the ensuing Eighty Years War 1568-1648. The war in the cold north was to become a fixed component in the lives of the Spaniards of the Golden Age for many years. This book reconstructs the images that the Spanish had of the Netherlands and its inhabitants. These images are inextricably intertwined with the picture that the Spanish constructed of themselves as participants in the conflict. This book follows the developments of these images from the construction of an image of the enemy that reached a climax between 1621 and 1648 and then gradually faded away. Which images and representations circulated the most and where did they come from? Which rhetoric was used to present them to the public and in which genres and contexts were they disseminated and preserved? On the basis of a varied collection of sources: war chronicles and plays as well as pamphlets, poems, historical works and prose writings, the author illustrates the appearance of the Netherlands through Spanish eyes during the course of the Eighty Years War.

Pirates of the Levant Arturo Perez-Reverte, 2010. Accompanied by his faithful companion Inigo Alatrisme joins a Spanish galleon and sets sail from Naples towards the east on a journey that will take them to Melilla, Oran, and finally Malta where they must struggle against the Turk. On board they will have many adventures including an encounter with The Moor Gurriato. Now seventeen Inigo is still in love with Angelica but will wisdom come with age and experience. *Arturo Pérez-Reverte* Anne L. Walsh, 2007. The complex narrative technique of one of Spain's most renowned contemporary authors. The writings of Arturo Perez Reverte, one of Spain's most renowned contemporary authors, have been described as a minefield. This monograph examines the complexities behind the narrative technique employed in creating such a minefield, including an analysis of the role played by both male and female characters, the relevance of the past as a motif, and aspects of the role of storytelling in creating mystery where none should exist. Both Revertian novels and journalistic writing are seen to be part of an overall game which is played between their author and his readers. Film, too, forms part of the material reviewed, as though Perez Reverte is not a scriptwriter, many films have been based on his novels. The text-centred analysis concludes that the themes of interest in all Revertian output revolve around two main areas: the significance of the past, whether historical, cultural, or literary, and the role of the written word in communicating, rescuing, and in challenging versions of that past in order to combat what Perez Reverte terms 'dismemory'.

ANNE L. WALSH lectures in Hispanic Studies at University College Cork.
