Captive Party:

Applying the Arm's Length Principle to Intra-group Financial Transactions Robert Danon, Vikram Chand, Guglielmo Maisto, Amanda Pletz, 2023-08-29 It is well known that intercompany financing arrangements have become increasingly subject to scrutiny in contexts of applying transfer pricing and anti tax avoidance related rules With contributions by more than 50 leading global transfer pricing and international tax experts from law firms multinational enterprises academia and tax administrations this book provides unparalleled insights into the application of the Arm's Length Principle to different types of financial transactions application of anti avoidance rules to various intra group financial arrangements as well as the business value creation process and the dispute management landscape that underlie intra group financial transactions With in depth analysis of the legislation and market developments that fuel the diverse range of financing options available to market participants and loaded with practical examples and case studies that cover the legal and economic considerations that arise when analysing intra group finance the contributors examine such topics and issues as the following national anti abuse rules applicable to financial transactions tax treaty issues role of credit ratings and impact of implicit support loans cash pooling financial guarantees transfer pricing aspects of performance guarantees mezzanine financing considerations for crypto financing impact of crises situations such as COVID 19 how treasury operations can be structured in a group and the decision making process involved how hedges offset or mitigate risks how to apply the arm's length principle to factoring and captive insurance transactions comparability analysis for various transactions special considerations for transactions carried out by a permanent establishment EU state aid and its interaction with transfer pricing rules dispute prevention and resolution tools under the OECD UN and EU frameworks and developing countries perspectives focusing on Brazil India and South Africa Given the challenges facing taxpayers and tax authorities alike this book will prove an immeasurably valuable reference guide to support tax practitioners tax administrations and tax scholars in developing standards and policies in dealing with intra group financing issues

The Captive's Quest for Freedom R. J. M. Blackett, 2018-01-25 This magisterial study ten years in the making by one of the field's most distinguished historians will be the first to explore the impact fugitive slaves had on the politics of the critical decade leading up to the Civil War Through the close reading of diverse sources ranging from government documents to personal accounts Richard J M Blackett traces the decisions of slaves to escape the actions of those who assisted them the many ways black communities responded to the capture of fugitive slaves and how local laws either buttressed or undermined enforcement of the federal law Every effort to enforce the law in northern communities produced levels of subversion that generated national debate so much so that on the eve of secession many in the South looking back on the decade could argue that the law had been effectively subverted by those individuals and states who assisted fleeing slaves

Transfer Pricing and Financing Raffaele Petruzzi, Michael Lang, 2023-03-09 In recent years the interpretation and implementation of transfer pricing regulations of intra group transactions involving financing

functions increased exponentially as one of the main priorities of both taxpayers and governments This topic has also attracted the attention of international organizations since 1972 whereby an extensive guidance has been rendered by the OECD in the Transfer Pricing Guidance on Financial Transactions that became Chapter X of the OECD Transfer Pricing Guidelines in February 2020 Not long after the United Nations included these topics in Chapter 9 of its Practical Manual for Developing Countries in 2021 This book s comprehensive approach to the practical application of transfer pricing rules to specific types of financing transactions ensures an in depth understanding of the taxation of these transactions between related parties Chapters contributed by renowned academics and practitioners based also on the work of international organizations elucidate the complex interaction between transfer pricing and the following types of intra group financial transactions loans financial guarantees cash pooling hybrid financing factoring captive insurance and asset management Each contribution contains a balanced mix of theoretical understanding and practical examples including case studies and references to key case law Aware that legal certainty in this area remains unachievable despite the relevant work so far of the OECD and the UN this book aims to alleviate this deficiency with principle based and practical knowledge on transfer pricing applied to financial transactions Tax lawyers in house tax counsel tax authorities international organizations business communities advisory firms and academics will welcome this matchless overview and guide to one of the most important topics in international taxation

Miller,2003 A man born to an elite family Coacoochee used the power of his status in creative ways and Miller uses his career to explain his leadership in terms of Seminole knowledge and governmental structure showing that Coacoochee s concept of leadership was linked as closely to spiritual as to political or military imperatives Her account offers a more nuanced understanding of the Seminole cosmos particularly the reality governing

Coacoochee's awareness of his own tribe's circumstances and of long standing borderlands disputes. She draws on Seminole American and Mexican sources to help untangle the histories of various emigrant tribes to the borderlands. She also examines the status of Seminoles today in light of the suppression of Coacoochee's story including modern Seminole's attempts to recover their lost homeland at El Nacimiento.
