Dare To Be Scared:

Double-dare to be Scared Robert D. San Souci, 2006 DeWayne's friend is acting creepy and DeWayne needs to get away fast. Because in *Double Dare to Be Scared* being a regular kid doesn't mean you're safe. And having friends is even less of a guarantee. Robert D. San Souci, author of *Dare to Be Scared*, has spun another thirteen original tales to keep night lights burning across the country. There's something for every brave reader as stories range from campfire grabbers to unsettling thrillers and combine elements of folklore and pop culture. Black and white scratchboard illustrations by David Ouimet complement the macabre mood of the collection. If *Dare to Be Scared* thrilled you or if you're a newcomer who likes to be spooked, read on. We double dare you to be scared. What's creepier than being lost in the woods all alone? How about being lost in those woods and sensing that you're not alone? Robert D. San Souci, popular author of *Dare to Be Scared*, has spun another thirteen masterful tales to keep nightlights burning across the country. Fans of his first book will be thrilled to find not only the same spirit of scary fun but even deeper, darker twists and surprises. Newcomers will discover something for every daring palate with stories that range from campfire grabbers to unsettling chillers and combine elements of folklore and pop culture.

Unlearning Shame Devon Price, PhD, 2024-02-06 Learn to identify and combat Systemic Shame, the feeling of self-hatred and disempowerment that comes from living in a society that blames individuals for systemic problems with this invaluable resource from the social psychologist and author of *Unmasking Autism: Stop DoomsScrolling and Read This Book*. You'll feel better, I promise. Celeste Headlee, journalist and bestselling author, says Systemic Shame is the socially engineered self-loathing that says we are solely to blame for our circumstances. It tells us that poverty is remedied by hard-working people pulling themselves up by their bootstraps, that marginalized people are personally responsible for solving the problem of their own oppression, and that massive global crises like climate change can be solved with individual action. Feeling overwhelmed? That's your problem, too. The more we try and ultimately fail to live up to impossible societal standards of moral goodness, the more shame we feel, and the more we retreat into isolation and despair. Social psychologist Dr. Devon Price knows firsthand the destructive effects of Systemic Shame; he experienced shame and self-hatred as he grappled with his transgender identity, feeling as if his suffering was caused by his own actions rather than systems like cissexism. And it doesn't just end with internal feelings of anguish. It causes us to judge other people the same way we fear being judged, which blocks us from seeking out the acceptance and support we need and discourages us from trying to improve our communities and our relationships. In *Unlearning Shame*, Dr. Price explores how we can deal with

those hard emotions more effectively tackling the societal shame we've absorbed and directed at ourselves He introduces the antidote to Systemic Shame expansive recognition an awareness of one's position in the larger social world and the knowledge that our battles are only won when they are shared He provides a suite of exercises and resources designed to combat Systemic Shame on a personal interpersonal and global level through rebuilding trust in yourself in others and in our shared future By offering a roadmap to healing and a toolkit of actionable items Unlearning Shame helps us reject hopelessness and achieve sustainable change and personal growth *The Heiress Bride* Rebecca Hagan Lee,2018-02-05
