Castles, 1980 *Castles*, 1982 Castles Reginald Allen Brown, Michael Prestwich, Charles Coulson, 1980 Examines the development and function of the castle from the ninth century through the fifteenth century **English Castles** Adrian Pettifer, 1995 A comprehensive and concise guide to all medieval English castles of which something can still be seen today ranging from the massive keeps which still dominate the landscape to grassy earthworks and Border pele towers and spanning the centuries from the Norman Conquest to the accession of the Tudors A well written contribution to the literature on the subject and will interest both the historically minded tourist and as a reference book the scholar WAR IN HISTORY A comprehensive and concise guide to all medieval English castles of which something can still be seen today ranging from the massive keeps which still dominate the landscape to grassy earthworks and Border pele towers and spanning the centuries from the Norman Conquest to the accession of the Tudors English Castles contains over five hundred main entries in county order each giving a brief history and description of the castle A short introduction supplies the historical background to the explosion of castle building in the middle ages and there is a glossary covering all aspects of castles in some detail There are also full Ordnance Survey map references **A History and Guide to Scottish Castles** Jenna Maxwell, 2023-01-24 At one time Scotland was home to more than 4 000 castles It s an extraordinary number for such a small country and today around 3 000 still stand Some are world famous others have inspired great works of literature while others have lit up the silver screen There are grand ticketed visitor attractions but there are others which are unassuming structures so tucked away that only the locals seem to know about them From the triangular shaped Caerlaverock Castle in Dumfries and Galloway to the imposing New Slains Castle in Aberdeenshire and from the magnificent fortress that dominates the Edinburgh skyline to the haunting battlements that stand on the banks of Loch Ness each tower tells a story every turret holds a secret and together they span centuries of fascinating Scottish history A History and Guide to Scottish Castles explores the history architecture and legends of some of these fascinating fortresses and looks at why they are so appealing to visitors today Sharing amazing facts and her own unique experiences author Jenna Maxwell takes readers on an unforgettable tour of some of Scotland s most amazing castles which if you haven t visited them already you ll soon want to Jenna has documented her journey on her Instagram page queenofthecastles **Allen Brown's English Castles** Reginald Allen Brown, 2004 A reissue of the classic guide to the origins purpose and identity of the great castles of England and Wales built after the arrival of the Normans Castle studies have been shaped and defined over the past half century by the work of R Allen Brown His classic English Castles renamed here to acknowledge its definitive approach to the subject has never been superseded by other more recent studies and is still the foundation study of the English and Welsh castles built between the Norman Conquest and the mid 1500s As the subject evolved so too did this book and for the most recent edition a considerable amount of French comparative material was added though it remains essentially a study of English castles For Allen Brown castles were

fortified residences or residential fortresses and developed from European precursors to support political and social realities as the Norman and Angevin kings secured their realm Once these political ends had been largely met the castle and castle building entered a period of decline and domestic and military interests went in opposite directions This book with numerous photographs and plans remains the outstanding guide to the origins purpose and identity of the great castles of England and Wales R ALLEN BROWN was also the author of *The Normans The Norman Conquest of England and The Normans and the Norman Conquest* and founder of the annual Battle Conference on Anglo Norman Studies [The Castles of Northumberland](#) Frank Graham,1976 **"The Castles of England, Their Story and Structure** James D Mackenzie Baronet of Scatwell and Tarbat,1897 **The castles of England, their story and structure** sir James Dixon Mackenzie (bart.),1897
