CASTRO, ISRAEL AND THE PLO

by David J. Kopilow

Cuba plays a leading role in the international campaign against Israel. . . The pejorative treatment of Israel is a constant element in Castro's controlled press. . . The Castro-media often presents the image of a hoodlumsy Israel wearing swastikas and surrounded by skulls. . .

" . . . Even the exceptional talent of Jewish writers on post-revolutionary Cuba, often harnessed in support of the Castro regime, reveal a sadder side: the deep, embittered silence of these scholars of Jewish origin when confronted with the burdensome evidence of Castro's unbridled anti-Semitism, coupled with the near total disintegration of the pre-1959 thriving Jewish community. . . "

*Irving Louis Horowitz
Rutgers University*

*"This important study, **Castro, Israel and the PLO** by David J. Kopilow, shows how Castro not only trains foreign guerrillas in Cuba but has also sent troops and advisers to South Yemen, Lebanon and Syria. . . The study also points out numerous examples of PLO assistance to guerrilla movements in Central America. . . I plan to distribute this study throughout the Congress and ask my colleagues to consider its broad ranging implications."*

Congressman Larry Seitz (D-FL)

The Central American Jewish communities. . . are going through the same anguish experienced by the Jewish communities over centuries about how to meet the special problems of antisemitism and terror. . .

In Cuba a community that once had a thriving population of 12,000 Jews and a rich culture, fell down to one thousand, and even a thousand would not be there if they were allowed to leave. Because they cannot practice their religion. They do not live without harassment. . . Mr. Kopilow has made a very important contribution to the literature. . . "

Castro, Israel, & the PLO David J. Kopilow, 1984 [Palestine in the Air](#) Chin-chin Yap, 2025-01-23 The first cultural history of Palestinian aviation [Routledge Library Editions: Postcolonial Security Studies](#) Various, 2021-08-31 Published between 1985 and 1998 the five volumes in this set explore a wide range of themes and topics relating to postcolonial security studies Offering both broader overviews of political and military regimes across the world and more focused examinations of specific areas and conflicts such as Africa Cuba and the Falklands War they provide a wealth of information that will appeal to those with an interest in military and strategic studies political and military history political and military theory and international relations

The Cold War at Home and Abroad Andrew L. Johns, Mitchell B. Lerner, 2018-08-10 From President Truman's use of a domestic propaganda agency to Ronald Reagan's handling of the Soviet Union during his 1984 reelection campaign the American political system has consistently exerted a profound effect on the country's foreign policies Americans may cling to the belief that politics stops at the water's edge but the reality is that parochial political interests often play a critical role in shaping the nation's interactions with the outside world In *The Cold War at Home and Abroad* Domestic Politics and US Foreign Policy since 1945 editors Andrew L. Johns and Mitchell B. Lerner bring together eleven essays that reflect the growing methodological diversity that has transformed the field of diplomatic history over the past twenty years The contributors examine a spectrum of diverse domestic factors ranging from traditional issues like elections and Congressional influence to less frequently studied factors like the role of religion and regionalism and trace their influence on the history of US foreign relations since 1945 In doing so they highlight influences and ideas that expand our understanding of the history of American foreign relations and provide guidance and direction for both contemporary observers and those who shape the United States role in the world This expansive volume contains many lessons for politicians policy makers and engaged citizens as they struggle to implement a cohesive international strategy in the face of hyper partisanship at home and uncertainty abroad

Cuba's Foreign Policy In The Middle East Damian J Fernandez, 2021-11-18 In spite of the growing academic interest in Cuba's international relations in the revolutionary period Cuba's policy toward the Middle East has been a neglected field of study Although the Middle East has not been a high priority item on Fidel Castro's agenda various factors have combined to propel the regime into taking a more active stance in the region not least of which is the importance of the Middle East to the Soviet Union Some of these factors have been ideological such as the nature of Castroism itself Other factors have been more pragmatic the need to increase Cuba's leverage with the Soviet Union the desire to establish spheres of interest of its own in the Third World the attempt to use external politics to soothe internal problems and the wish to maximize the prestige of the Cuban revolution and by extension that of its lider maximo Since 1959 Havana's Middle Eastern policy has experienced four stages 1 1959 1973 Autonomous foreign policy marked by a dual relationship with both Israel and the Arab states 2 1973 1977 Accommodation to the Soviet

line anti Israeli policy combined with an expansion of relations with progressive states signalled by the establishment of Cuban military missions 3 1977 1980 Activist policy in the region expanded role and development of diplomatic relationships 4 1981 to the present 1985 Cautious involvement restrained activism emphasizing socio economic cooperation Cuba s incursion into the Arab world illuminates how Cuban foreign policy works especially in relation to autonomy convergence and subordination dependence pragmatism and ideology The island s entrance into Middle East politics has introduced new risks into the island s foreign policy in return for the benefits which have been derived A theory to explain Cuba s foreign policy in its interaction with the Soviet Union in the Third World must include heretofore neglected variables time regime type and factionalism bureaucratic politics in addition to external events The study of Cuba s initiatives in the Middle East will serve to test this theory

The International Relations of the Palestine Liberation Organization Augustus R. Norton, Martin Harry Greenberg, 1989 A balanced topical account of the PLO and its statelike relationships with several key nations in the global arena The eight essayists examine the incentives prompting the organization to seek ties with various states as well as the benefits derived from these international bonds The nations involved include Russia China Iran many Latin American countries and the Arab world

Cuba Georges Alfred Fauriol, Eva Loser, 1990-01-01 Fidel Castro s revolution and its foreign policy extensions have been the source of much U S Latin American policy frustration during the last 30 years Not only the ideological tensions but the almost global sweep of Cuba s national pretensions have consumed U S resources and political capital and thrust a small island nation to the forefront of global intrigue and crisis But as this volume shows there are signs that Cuba s internationalism is now at a crossroads Fauriol and Loser have gathered together a distinguished group of specialists on Cuba to review principal aspects of Cuba s international relations Among the new dimensions discussed are shifts in Cuba s African policy the residual political impact of Grenada developments in Central America the aftermath of the Ochoa narcotics episode and perhaps most significantly the degree of tension between Cuba and both Moscow and Washington and leadership succession beyond Castro A primary issue for Cuba the authors show will be its isolation within the Soviet bloc and its refusal to address Gorbachev s challenges to the status quo At the very least Cuba risks becoming an irrelevant anachronism amidst the groundswell of change in the communist world These and other issues are addressed in a major review of Cuba s position in the world 30 years after its revolution Cuba The International Dimension will be of interest to researchers and policy makers concerned with Latin America and the Caribbean as well as those interested in changes in the Third World and communist countries worldwide Contributors include Jiri Valenta Jaime Suchlicki William Ratliff Ernest Evans Juan Benemelis Gillian Gunn Scott MacDonald Michael J Mazaar Constantine Menges Jorge F Perez Lopez Jorge Sanguinetty Paula J Pettavino and Juan M del Aguila
