[Frederick Ashton's Ballets](#) Geraldine Morris,Senior Honorary Research Fellow in Dance Geraldine Morris,2024-11-22 The second edition of Frederick Ashton s Ballets Style Performance Choreography adds two further ballets to this ground

breaking study of Frederick Ashton's choreography. It not only examines the contribution these ballets made to twentieth century dance art but also presents a detailed account of Ashton's work and dances demonstrating his remarkable choreographic and artistic talent. Having danced with the Royal Ballet Company during the years Ashton was Director, author Geraldine Morris also draws on her years as an academic in the field. As well as highlighting the dances, the book explores the contribution made by Ashton's collaborators both designers and musicians. Central is the issue of identity and how style can be retained in dance despite alterations in training. It considers the problem of how the values of ballet training change thereby affecting contemporary performances of his works. Through eight works, Morris examines the various sources that Ashton used, whether they were dances with words or those influenced by dancers' movement style, jazz dance, abstraction, mysticism or narrative. With this new material, the second edition makes a significant contribution to dance scholarship.

LayNa shares the story of how she started her own dance academy in Kuching. The subsequent chapters offer a concise reference book and teaching guide for students and teachers alike on the history of ballet, technical details of dance movement and expression, what goes on backstage before curtain call and the art of the performance. *Ballet in Sarawak* also details the difficulties of pursuing dance, the challenges of insufficient funding and infrastructure, and lack of support from parents or institutions.
