Globalization Andrew Jones,2010-07-13

Globalization Key Thinkers offers a critical commentary on the leading thinkers in the contemporary globalization debate as well as new arguments about the future direction of globalization thinking The book guides the reader through the key arguments of leading thinkers explaining their place in the wider globalization debate and evaluating their critical reception Eleven thematic chapters focus on one or two key thinkers covering every aspect of the globalization debate including the theoretical arguments of Anthony Giddens and Manuel Castells to the positive arguments of Thomas Friedman and Martin Wolf and the reforming ideas of Joseph Stiglitz Other chapters variously address the ideas of Immanuel Wallerstein Arjun Appadurai Paul Hirst Naomi Klein Grahame Thompson David Held Anthony McGrew Michael Hardt Antonio Negri Saskia

Sassen and Peter Dicken Each chapter also provides some carefully selected recommendations for further reading for the thinkers discussed The book ends with a concluding chapter that examines how thinking about globalization is likely to develop in future Whilst individual chapters can stand alone the book is designed as a whole to enhance the reader's understanding of how different thinkers' ideas relate and contrast to each other *Dictionary of philosophy and psychology*, ed. by J.M. Sociology Stephen H. Aby, James Nalen, Lori Fielding, 2005-04-30 Now in its third edition this critically acclaimed work provides undergraduate and graduate students, faculty and librarians with descriptions of approximately 610 major reference sources in sociology, its subdisciplines and the related social sciences. Emphasis in this edition is on works in English published in the United States, Great Britain, Canada and Australia from 1997 through early 2004. Coverage of earlier works is included if coverage is historically important or not historically bound. The third edition has been reorganized for ease of searching and adds over 325 new titles and electronic sources as well as surveying new editions and updates of previously cited works, making this a substantial revision and complement to the previous edition. *Dictionary of Philosophy and Psychology: List of collaborators ; Editor's preface ; Table of contents ; Abbreviations ; Text, A-Laws* James Mark Baldwin, 1901

Information Sources of Political Science Stephen W. Green, Douglas J. Ernest, 2005-07-15 A thoroughly revised and updated new edition of the world's leading comprehensive bibliography of American and international politics. The eagerly anticipated new edition of the widely acclaimed *Information Sources of Political Science* is the most comprehensive English language political bibliography available, offering the surest way for students and researchers to get straight to the information they need. Like no other volume, it provides a fully rounded view of the field, both in the United States and internationally, including relevant works in history, economics, sociology and education. Its 2,500 entries cover a wide variety of source types, indexing and abstracting services, major bibliographical tools, encyclopedias, dictionaries, handbooks, directories, statistical compilations and more. In addition, this edition is the first to feature substantial coverage of electronic resources, both databases and Internet sites. Each source receives its own annotation, with entries grouped in categories to bring together like works for easy comparison. This work is a cornerstone reference for academic and public libraries.
