**William Eastlake** W. C. Bamberger, 1993-01-01 The Milford Series Popular Writers of Today Volume 65 *Medieval and Early Modern Art, Architecture and Archaeology in Norwich*

Sandy Heslop, 2024-11-15 This volume explores the importance of Norwich as the second city of England for 500 years It addresses two of the most ambitious Romanesque buildings in Europe cathedral and castle and illuminates the role of Norwich based designers and makers in the region *The Metamorphosis and Other Stories*

Franz Kafka, 2018-12-04 A classic collection of twentieth century literature beloved the world over The Metamorphosis revolves around Gregor Samsa a travelling salesman who is suddenly transformed into a large insectile creature while asleep one night He and his family struggle to adapt to this change with Gregor attempting to hide his visage as much as possible and his family struggling to make ends meet without his paycheque The result is a bleak often absurdist take on the banality of everyday living This collection also includes Kafka s The Great Wall of China Investigations of a Dog The Burrow In the Penal Settlement and The Giant Mole Penguin Random House Canada is proud to bring you classic works of literature in e book form with the highest quality production values Find more today and rediscover books you never knew you loved

**Kafka's Last Pipes** John P. Anderson, 2017-01-22 Fresh from the twilight zone of Kafka s The Metamorphosis this non academic author treats on a line by line basis two of Kafka s last stories stories written while he was wheezing with tuberculosis Not surprisingly these stories features pipes just what Kafka was thinking about all the time while he was bed ridden his sore pipes Kafka experienced the threat of death at the same time as he experienced the love of his life with Dora Diamant In these two stories Kafka spot lights fear and love the most basic human issues and those that had taken possession of Kafka s life Fear and love in the lives of a mole like creature alone in a burrow and mice in a crowded colony In stories with no humans Kafka teaches us what is most important in being human The Burrow examines fear based isolation of a mole like creature living all alone in his underground burrow The only connection with others is fear based taking taking by claws

and teeth You are either the diner or dinner never a guest or host You are alone but not independent because fear eats your life possibilities independence could give You are your own worst enemy Josephine the Singer features love based giving through art Kafka s last word on the purpose of art Like a loving parent giving to her child the artist mouse Josephine attempts to inspire independent individuality in other mice in the colony through the example of her unique and spontaneous singing This she gives free of charge Because of fear of survival stoked by the colony leadership the rest of the mouse collective hears her singing as a mouse but not as an individual They remain in fear based group think with reduced life possibilities In both stories the issue is the effect of fear or love on independent individual identity and life possibilities For Kafka this was the uber human issue as he prepared to meet his maker
