## Dictionary Of Liberal Quotations:

The Dictionary of Liberal Quotations Duncan Brack,2013-09-11 If you're a liberal or a democrat and especially if you're a Liberal Democrat this masterful and considered collection of thought provoking quotations should belong to you All the great Liberals are packed into this slick reference guide from Gladstone to Ashdown Kennedy John F to Kennedy Charles Whether you're looking for John Stuart Mill or John Maynard Keynes you'll be able to find every good quote there is on Liberals and Liberalism Writers thinkers journalists philosophers and even the politicians themselves contribute with nearly 2 000 utterances musings provocations jibes and diatribes featured in The Dictionary of Liberal Quotations making this guide a must-have for anyone interested in Liberals and Liberal thought

**Dictionary of Quotations from Ancient and Modern, English and Foreign Sources** Rev. James Wood,1893

A History of the Liberal Party since 1900 David Dutton,2013-04-26 Once teetering on the brink of oblivion the British Liberal Party has again re-established itself as a major force in national and local politics David Dutton's approachable study offers new insights into the waning near death and ultimate recovery of the Liberal Party from 1900 to the present day Discussions of politics philosophy and performance are all skilfully interwoven as Dutton demonstrates how the party has become once more a formidable player on the political stage The second edition of this established text offers An entirely new chapter on the coalition government A chronology of key events Numerous suggestions for further reading This lively survey of British Liberalism from the era of Campbell Bannerman to that of Nick Clegg reviews existing literature while offering its own distinctive perspective on one of the most compelling of political dramas

*British Liberal Leaders* Duncan Brack,2015-09-08 As the governing party of peace and reform and then as the third party striving to keep the flame of freedom alive the Liberal Party the SDP and the Liberal Democrats have played an undoubtedly crucial role in the shaping of contemporary British society And yet the leaders who have stood at its helm from Earl Grey to Nick Clegg via William Gladstone David Lloyd George and Paddy Ashdown have steered the Liberal vessel with enormously varying degrees of success With the widening of the franchise revolutionary changes to social values and the growing ubiquity of the media the requirements techniques and goals of Liberal leadership since the party's origins in the struggle for the Great Reform Act have been forced to evolve almost beyond recognition and not all its leaders have managed to keep up This comprehensive and enlightening book considers the attributes and achievements of each leader in the context of their respective time and political landscape offering a compelling analytical framework by which they may be judged detailed personal biographies from some of the leading academics and experts on Liberal history and exclusive interviews with former leaders themselves An indispensable contribution to the study of party leadership *British Liberal Leaders* is the essential guide to understanding British political history and governance through the prism of those who created it

*The Green Book* Duncan Brack,2013-03-08 Leading Liberal Democrats and policy experts re-examine their political approach and propose a radical new direction for the party setting the agenda for the next

election and beyond The Green Book cogently argues that a low carbon economy and environmental investments are the best way to escape from sluggish growth create new jobs and share prosperity It is a clarion call for Liberal Democrats to treat the environmental crisis as a core challenge of economic policy not a discrete problem Policies that protect and enhance the natural world on which our economy and society ultimately depend for our health well being and prosperity should be the driving force behind the party s programme Furthermore green policies can provide a vital clear and popular distinction between Liberal Democrats and Conservatives at the next election The Green Book offers a challenge to current Liberal Democrat thinking and stimulating reading to anyone who cares about the environment and the future of the British economy
