Dictionary of Mythology Bergen Evans,1972 **Mythologies of the World** Ron Smith,1981 This book surveys the important available books on mythologies of all parts of the globe and the cultural contexts from which the mythological traditions emerged Written as a series of bibliographic essays the guide opens with a description of major reference sources encompassing many cultures as well as those tracing particular themes such as that of the creation across cultures The other bibliographic essays discuss sources for studying prehistoric mythologies the mythologies of West Asian peoples Mesopotamian Biblical Islamic and others South and East Asian mythologies European mythologies American Indian mythologies North Central and South American African mythologies and the mythologies of the Pacific and Australia An appendix on contemporary mythology mainly American discusses a wide range of works that examine the beliefs traditions and dreams that manifest themselves in spectator sports politics advertising and forms of popular culture in the United States RL **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office,1973 **The**

Encyclopedia of Amazons Jessica Amanda Salmonson,2015-04-07 An excellent A to Z reference of female fighters in history myth and literature from goddesses to gladiators to guerrilla warriors Library Journal This is an astounding collection of female fighters from heads of state and goddesses to pirates and gladiators Each entry is drawn from historical fictional or mythical narratives of many eras and lands With over one thousand entries detailing the lives and influence of these heroic female figures in battle politics and daily life Salmonson provides a unique chronicle of female fortitude focusing not just on physical strength but on the courage to fight against patriarchal structures and redefine women s roles during time periods when doing so was nearly impossible The use of historical information and fictional traditions from Japan Europe Asia and Africa gives this work a cross cultural perspective that contextualizes the image of these unconventional depictions of might valor and greatness **T.S. Eliot and the Poetics of Evolution** Lois A. Cuddy,2000 Guided by Eliot s own allusions and references to specific authors and historical moments Cuddy adds a feminist cultural and intertextual perspective to the familiar critical interpretations of Eliot s work in order to reread poems and plays through nineteenth century ideologies and knowledge set against our own time By considering the implications and consequences of Eliot s culturally approved assumptions this study further reveals how Eliot was trapped between the idea of Evolution as a unifying project and the reality of his own and his culture s hierarchical and fragmenting beliefs about class gender religion and race Cuddy concludes by exploring how this conflict undermined Eliot s mission of unity and influenced his and Modernism s place in history BOOK JACKET

Thematic Guide to World Mythology Lorena Laura Stookey,2004-03-30 This book examines 30 common motifs that thread their way through mythological tales across history and around the globe **Off Whiteness** Izabela Hopkins,2023-08-18 In *Off Whiteness Place Blood and Tradition in Post Reconstruction Southern Literature* Izabela Hopkins explores the remaking of whiteness in the Post Reconstruction South as represented in literary fiction To focus her

study she discusses the writings of four prominent figures Thomas Nelson Page Ellen Glasgow Charles Waddell Chesnutt and Alice Dunbar Nelson who contributed to discussions of racial and social identity during the post Civil War South through poetry journalism essays novels and more *Off Whiteness* draws from both sides of the color line as well as from both the male and female experience to examine the ambivalence of Southern whiteness from three particular vantage points place ideality and repeatability Hopkins develops her analysis across nine chapters divided into three parts In her exploration of these four writers with differing backgrounds and experiences she utilizes both their well known and lesser known texts to argue against the superficial oversimplification that whiteness requires blackness to define itself Hopkins s analysis not only successfully grapples with a wide range of post structural theories it also approaches the significance of language and religion with intention and sensitivity thereby addressing areas that are typically ignored in whiteness studies scholarship The interdisciplinary nature of *Off Whiteness* positions it as an engaging text relevant to the work and interests of scholars drawn to American and Southern history cultural and social studies literary studies etymology and critical race theory
