Answering Islam Norman L. Geisler, Abdul Saleeb, 2002-08 Apologetic guide compares the major tenets of Islam with Christianity

THE GUIDE TO ANSWERING ISLAM Daniel Janosik, 2019-01-26 The average Christian knows somewhat how dangerous radical Islam is because of the regular media coverage of beheadings of Christians Jews and even young little children not to mention Muslims with which they disagree However the average Christian does not know their true beliefs just how many there are to the extent they will go to carry out these beliefs Daily we find Islamic commentators on the TV and radio offering up misleading information quoting certain portions of the Quran while leaving other parts out When considering Islamic beliefs other Islamic writings must be considered like the Hadith or Sunnah and the Shariah or canon law While Islam in general does not support radical Islam the vast majority do support radical beliefs For example beheadings stoning for adultery or homosexuality suicide bombings turning the world into an Islamic state and far too many other heinous things THE GUIDE TO ANSWERING ISLAM provides Christians with an overview of Islamic terminology The reader will learn about Muhammad s calling the history of the Quran how Islam expanded the death of Muhammad and the splinter groups that followed In addition the three sources of their teaching six pillars of belief five pillars of Islam the twelfth Imam and much more will be discussed While there are several books on Islam and radical Islam this will be the first that will prepare its readers to communicate effectively with Muslims in an effort toward sharing biblical truths THE GUIDE TO ISLAM will be an effective evangelism tool In addition each chapter will end with review questions helping the reader recall the main points of the chapter Therefore it can be studied alone or in a church Bible study setting THE GUIDE TO ANSWERING ISLAM has the contents constructed in a way that will greatly serve the Christian Church There are many recent books written by Christians about Islam and there are many books written recently about radical Islam However none of these recent books attempts to do what has been done which is to give an adequate portrayal of Islam critiqued by history and Christian doctrine and then culminating in an extensive evaluation of the rise of Radical Islam from a Christian s perspective

A CHRISTIAN PERSPECTIVE ON ISLAM'S ORIGINS Gabriel Aryeh, 2024-01-24 A BRIEF SYNOPSIS OF A CHRISTIAN PERSPECTIVE ON ISLAM After several interactions with Muslims of distinct sects in the Bronx community NYC schools and the workplace through the decades Aryeh observed how some professing Christians were led to believe in the Islamic claim of Muhammad s legitimacy as a prophet Although a few maintained the belief that Jesus remained holy as a prophet they suggested he was a mere man and abandoned their past confessions regarding his divinity Nevertheless the more astounding claim many ex Christians and Muslims made suggested that the Jewish and Christian God found in the Bible identified as the same deity of the Qur an Hence these claims above initiated the primary reasons for delving deep into the study of Islam and writing this book for the sake of not only reaching many believers who erred from Christianity but the Muslims who believed that Allah identified as the God of the Jews and Christians Indeed the enormous task of disproving

Islam as an extension of the Abrahamic faith required many investigations into the questions raised by such astonishing claims. This book makes deep inquiries into the historical and theological assertions found in the Islamic faith concerning Allah Muhammad and the religious practices observed today which have survived for little over fourteen centuries. Consequentially the unfortunate misconceptions taught about Islam in many church pulpits since the early days of this researcher's youth stemmed from books found in academia and some Christian libraries which promoted a worldwide narrative by selective favorable historical accounts based on political ideologies instead of rigorous theological investigation. The Christian perspective on Islam examines the theological origins of the Islamic faith by first investigating the geographical locations alleged as the nascent religion's early beginnings by exploring the historical and societal development of the Arab peoples. Second, this book probes the legitimacy of Muhammad as a divinely ordered prophet by consulting the Judaic traditions derived from the Jewish Scriptures explaining the qualifications of authentic prophethood. Finally, the sequential order of inquiry laid out above will highlight the emergence of the theology and residual religious rituals observed today in the Islamic world and therefore conclusively demonstrate that Islam remains unaligned with its Jewish and Christian predecessors.

Because They Hate Brigitte Gabriel, 2008-01-08 Brigitte Gabriel lost her childhood to militant Islam. In 1975 she was ten years old and living in Southern Lebanon when militant Muslims from throughout the Middle East poured into her country and declared jihad against the Lebanese Christians. Lebanon was the only Christian influenced country in the Middle East and the Lebanese Civil War was the first front in what has become the worldwide jihad of fundamentalist Islam against non-Muslim peoples. For seven years Brigitte and her parents lived in an underground bomb shelter. They had no running water or electricity and very little food at times they were reduced to boiling grass to survive. Because They Hate is a political wake up call told through a very personal memoir frame. Brigitte warns that the US is threatened by fundamentalist Islamic theology in the same way Lebanon was. Radical Islam will stop at nothing short of domination of all non-Muslim countries. Gabriel saw this mission start in Lebanon and she refuses to stand silently by while it happens here. Gabriel sees in the West a lack of understanding and a blatant ignorance of the ways and thinking of the Middle East. She also points out mistakes the West has made in consistently underestimating the single mindedness with which fundamentalist Islam has pursued its goals over the past thirty years. Fiercely articulate and passionately committed, Gabriel tells her own story as well as outlines the history, social movements and religious divisions that have led to this critical historical conflict.

Comparing the Qur'an and the Bible Rick Richter, 2011-11-01 Engagement with the Muslim world and Muslim people is inevitable for Christians. After all, Islam is the fastest growing religion in the United States. But what does the Qur'an really say about things like Jesus, war, and non-Muslims? What does the Bible say on these matters? If Christians are to engage in informed, loving conversation with their Muslim neighbors, they need to be equipped with more than the often specious talking points they glean from the news or email forwards. Comparing the Qur'an and the Bible offers readers an

unprecedented collection of Scriptures and doctrines of both faiths presented side by side for easy study and comparison covering such key issues as Jesus Abraham creation angels jinn jihad the fall of humankind predestination ransom for sin sacrifice grace rebirth God Allah women marriage and divorce homosexuality suicide resurrection judgment Paradise prayer A brief explanation of each passage in the Qur'an and the Bible is given as well as biblical answers to Islamic teaching The book also motivates readers to have hearts for Muslims and seek to bring them to Christ offering door openers to sharing the Good News This indispensable collection will be treasured by anyone seeking to understand and engage their Muslim neighbors

Fast Facts on Islam John Ankerberg, John Weldon, 2001 Authors John Ankerberg and John Weldon know just the questions readers are asking about Islam and they provide brief incisive answers Using their unique Q and A style Ankerberg and Weldon reveal who Muhammad was and how Islam got started what Muslims believe about God the relationship between Christianity and Islam where the Qur'an came from and how Islamic beliefs are related to recent acts of terrorism Included are discussions of such questions as In what sense is Islam a religion of peace Does the Qur'an support the doctrine of jihad holy war How do Muslims view the U S and Israel What basic problem does the Qur'an present for Muslims Do Muslims believe in Jesus Christ How should Christians share the gospel with Muslims More than just a listing of well researched facts on Islam and Muslim beliefs Fast Facts on Islam will provide readers with insight into present events and will help them comprehend one of the world's great religious and political powers in light of the far greater power that lies within them the power of God through Jesus Christ

Leaving Islam Ibn Warraq, 2003 A renowned scholar of Islamic studies interviews ex-Muslims who feel it is their duty to speak up against their former faith to tell the truth about the fastest growing religion in the world

Islam Vartan Gregorian, 2003-05-29 After World War II leading western powers focused their attention on fighting the Red Menace Communism Today as terrorist activity is increasingly linked to militant Islamism some politicians and scholars fear a Green Menace a Pan-Islamic totalitarian movement fueled by monolithic religious ideology Such fears have no foundation in history according to Vartan Gregorian In this succinct powerful survey of Islam Gregorian focuses on Muslim diversity and division portraying the faith and its people as a mosaic not a monolith The book begins with an accessible overview of Islam's tenets institutions evolution and historical role Gregorian traces its origins and fundamental principles from Muhammad's call to faith nearly 1 400 years ago to the defeat of the Ottoman Empire in World War I and the subsequent abolition of the Caliphate He focuses particular attention on the intense struggle between modernists and traditionalists interaction between religion and nationalism and key developments that have caused bitter divisions among Muslim nations and states the partitions of Palestine the break up and Islamization of Pakistan the 1978 revolution in Iran and the 1979 Soviet invasion of Afghanistan Today Islamist views range across the entire spectrum of religious and political thought and Islamism is anything but a unified movement While religious extremists have attempted to form a confederacy of like minded radicals in many countries much of the Muslim population lives in relatively modern

secular states Gregorian urges Westerners to distinguish between activist Islamist parties which promote sometimes violently Islam as an ideology in a theocratic state and Islamic parties whose traditional members want their secular political systems to co exist with the moral principles of their religion Gregorian emphasizes the importance of religion in today s world and urges states societies and intellectuals to intervene in order **Virtually Islamic** Gary R.
