The Antichrist Chronicles Steve Wohlberg, 2001 **Antichrist Chronicles** Terry James, 2014-09-22 Iran ancient Persia like all of Israel's enemy Islamist neighbors threatens to destroy the Jewish state. It is rushing at breakneck speed to develop nuclear weaponry that can accomplish the removal of the little Satan as it terms that hated nation. Many among the Islamists have made no secret of the fact that they wish also to rid the world of the great Satan, the title they give America. Earth's fragile economy is rife with signals that the global monetary system is on the verge of total collapse. There is a cry for peace and safety precisely as Bible prophecy predicts for the end of the age as Armageddon approaches. Daniel the prophet and John the Revelator foretold that a geopolitical beast will arise to offer the much sought after peace the world's diplomats seek. The peace that this man offers however will destroy billions of people, the prophet Daniel foretells. **Antichrist Chronicles** unveils a layer at a time through week by week analysis of issues and events of our time, this son of perdition's rise to unprecedented power.

Are these harmless fantasies or is a sinister spirit lurking behind the best selling books? **Hour of the Witch** Harry Potter, Wicca, Witchcraft and the Bible scrutinizes these popular tales from a spiritual standpoint. Sorcery and the supernatural are essential to Harry Potter's escapades and parents should consider how all this wizardry influences their kids. Does being immersed in images of witchcraft have a lasting impact on an impressionable mind? Beyond this, real Wicca, Witchcraft is growing rapidly among teens. Is Harry Potter fueling Wiccan growth? Learn the truth behind Harry Potter and how to protect your children from being bewitched.

The Antichrist Legend Wilhelm Bousset, 1896 Wilhelm Bousset 1865-1920 was one of the pioneers in the *Religionsgeschichtliche Schule* or History of Religions School which established the scientific and comparative study of Hellenistic Judaism and Early Christianity a century ago. **The Antichrist Legend** first published in German in 1895 and translated into English the following year is perhaps Bousset's most remarkable book both for its original argument about the connection of Antichrist to myths of the primordial dragon and for its vast knowledge of patristic and medieval literature. This welcome reissue of this classic work features a helpful new Introduction by David Frankfurter.

The Spiritual Expansion of Medieval Latin Christendom: The Asian Missions James D. Ryan, 2017-03-02 During the thirteenth and fourteenth centuries religious zeal, nourished by the mendicants' sense of purpose, motivated Dominican and Franciscan friars to venture far beyond Europe's cultural frontiers to spread their Christian faith into the farthest reaches of Asia. Their incredible journeys were reminiscent of heroic missionary ventures in earlier eras and far more exotic than evangelization during the tenth through twelfth centuries when the western church Christianized Eastern Europe and Scandinavia. This new mission effort was stimulated by a variety of factors and facilitated by the establishment of the Mongol Empire and as the fourteenth century dawned missionaries entertained fervent but vain hopes of success within khanates in China, Central Asia, Persia, and Kipchak. The reports these missionaries sent back to Europe have

fascinated successive generations of historians who analyzed their travels and struggled to understand their motives and aspirations The essays selected for this volume drawn from a range of twentieth century historians and contextualized in the introduction provide a comprehensive overview of missionary efforts in Asia and of the developments in the secular world that both made them possible and encouraged the missionaries hopes for success Three of the studies have been translated from French specially for publication in this volume

Secular Steeples 2nd edition Conrad Ostwalt,2012-09-27 An exploration of secularization in America this book provides students with an innovative way of understanding the relationship between religion and secular culture In *Secular Steeples* Conrad Ostwalt challenges long held assumptions about the relationship between religion and culture and about the impact of secularization Moving away from the idea that religion will diminish as secularization continues Ostwalt identifies areas of popular culture where secular and sacred views and objectives interact and enrich each other The book demonstrates how religious institutions use the secular and popular media of television movies and music to make sacred teachings relevant From megachurches to sports arenas the Bible to Harry Potter biker churches to virtual worship communities Ostwalt demonstrates how religion persists across cultural forms secular and sacred with secular culture expressing religious messages and sometimes containing more authentic religious content than official religious teachings An ideal text for anyone studying religion and popular culture each chapter provides questions for discussion a list of important terms and guided readings
