Commons - Committee of Public Accounts: BBC Severance Packages - HC 476 Great Britain: Parliament: House of Commons:
Committee of Public Accounts,2013-12-16 In the three years to December 2012 the BBC gave 150 senior managers
severance payments totalling 25 million The BBC paid more salary in lieu of notice than it was obliged to in 22 of the 150
severance payments for senior managers in the three years to December 2012 at a cost of 1 4 million It is unacceptable for
the BBC or any other public body to give departing senior managers huge severance payments that far exceed their
contractual entitlements Some of the justifications put forward by the BBC were extraordinary The Committee welcomes the
changes that the BBC s Director General Lord Hall has made to cap severance pay Recommendations include the BBC should
remind its staff that they are all individually responsible for protecting public money and challenging wasteful practices to
protect licence fee payers interests and its own reputation the BBC should establish internal procedures that provide clear
central oversight and effective scrutiny of severance payments the BBC Executive and the BBC Trust need to overhaul the
way they conduct their business and record and communicate decisions properly the BBC Trust should be more willing to
challenge practices and decisions where there is a risk that the interests of licence fee payers could be compromised the BBC
Trust and the BBC Executive need to ensure that decision making is transparent and accountability taken seriously based on
a shared understanding of value for money with tangible evidence of individuals taking public responsibility for their
decisions **British Broadcasting Commission** Great Britain: Parliament: House of Commons: Committee of Public
Accounts,2012-12-20 On Saturday 10 November 2012 the BBC Director General George Entwistle agreed to resign after just
54 days in the job In order to secure his quick departure the BBC Trust agreed to a pay off that included 12 months salary of
450 000 twice what he was contractually entitled to The BBC Trust also agreed to give the former Director General 12
months private medical cover and contribute to the cost of legal fees and public relations advice connected with his
departure and his participation in the ongoing inquiries into Newsnight and Sir Jimmy Savile The Comptroller and Auditor
General offered to carry out an immediate and independent audit examination of the package in time to inform the
deliberations of this Committee but the BBC Trust refused to take that offer up This inhibited Parliament s ability to hold the
Trust to account for its use of public money and Entwistle s severance package could only be considered on the basis of
information publicly available Furthermore since November 2010 the BBC has made severance payments to 10 other senior
managers at a total cost of more than 4 million These payments are excessive and completely out of keeping with public

expectations about how their licence fee money is spent It also emerged that 422 senior BBC managers received private medical cover worth 667 489 as part of their remuneration packages in 2012 The Comptroller and Auditor General has been asked to examine severance payments and benefits for senior managers as part of his future programme of work on the BBC

Anthony Fry ,2002 **The BBC's management of digital media initiative** Great Britain: Parliament: House of Commons: Committee of Public Accounts,2011-04-07 This report examines the management of the contract with Siemens and the BBC s in house development of the Digital Media Initiative Programme The Programme is designed to transform the way in which BBC staff create use and share video and audio material It involves the development of new technology to allow staff to manage content efficiently on their desktops in order to give greater accessibility of digital content for audiences on TV online and radio The BBC has made good progress in delivering the programme in house since it terminated its contract with Siemens It is now on course to deliver the complete technology by summer 2011 With hindsight the BBC should not have let the contract for its Digital Media Initiative to Siemens without testing the contractor against other suppliers especially as there was a high degree of innovation involved The Programme is no longer expected to deliver the overall net financial benefit of 17 9 million originally anticipated The BBC approved the Programme on the basis that it would cost 81 7 million and deliver benefits of 99 6 million but now forecasts costs of 133 6 million and benefits of 95 4 million a net cost of 38 2 million The Committee welcomes the Trust s assurance that it would now take a more challenging approach when considering procurements but are concerned with the ease with which the BBC found over 50 million in savings to make up for the losses it suffered through late delivery of the project and its own increased delivery costs This suggests the need for a more vigilant approach to value for money **Anthony Fry** Anthony Fry,Patrick Kinmonth,2011 A magnificently produced monograph which shows the power and intensity in and the extraordinary production of the late work by the great English artist Anthony Fry including paintings included in the permanent collections of the Tate Gallery the Arts Council of Great Britain and The Saatchi Collection Exhibiting the full range of the painter s art extending from oils to watercolours and gouache to mixed media Anthony Fry Paintings and Works 1999 2010 includes work produced in India North Africa and from recent travels to Moorish Spain and the Near East In and Out Edgar Franklin,1917 *The Film Renter and Moving Picture News* ,1922 *All Story Weekly* ,1917
