

HOW TO BUDGET ON A LOW INCOME

01 Prioritize Expenses

Always pay necessities first, including food, housing, utilities and transportation. Pay no other expenses until these are taken care of.

02 Cut Costs

Temporarily cut out all non-necessities such as eating out, personal spending, vacation, recreation, etc. The goal is to get caught up and a plan in place.

03 Set a Budget

Break the paycheck to paycheck cycle by carefully and strategically making a written budget every month before the month begins. Plan every single dollar on paper.

04 Use Cash to Save

Research shows when we use cash we behave differently with money. Cash budgeting is especially helpful for budget categories you tend to overspend on.

Owners Without Experience Budgeting On Low Income That Actually Works:

The 2008 Budget Great Britain. Parliament. House of Commons. Treasury Committee, 2008 This report examines the forecasts and measures contained in the 2008 Budget HC 455 session 2007 08 ISBN 9780102953336 The Treasury's lower forecasts for economic growth in 2008 and 2009 are above the average of independent forecasters suggesting that the Treasury may have given insufficient weight to the risks of continued financial market turbulence and that some of the UK economy's characteristics that have proven beneficial in past crises rapidly rising residential property prices close links with the US and an increasing reliance on the financial services industry for example might prove to be conduits through which the current problems in global financial markets are transmitted to the UK real economy The further weakening of the forecasts for the public finances is noted and it appears premature for the Treasury to state that it is on course to meet the golden rule in the next economic cycle given the lack of an end date for the previous economic cycle Measures on child poverty are welcomed but there is a need for a clear explanation on deployment of resources to ensure that the target to halve child poverty by 2010 11 will be achieved The abolition of the 10 pence rate of income tax will most affect those under 65 years of age in childless households earning under 18 500 the Committee feels this group is an unreasonable target for raising additional tax revenues The Treasury should commission research into whether the withdrawal of the 10 pence income tax band and high marginal deduction rates are creating disincentives that could frustrate the Government's welfare to work objectives The Committee also calls for a national Saving Gateway targeted at low income households and more consideration of tax changes on the middle and lower income groups of non domiciled taxpayers
