Chuong, Dorothy Cordova, Robert H. Hyung Chan Kim, Steve Fugita, Franklin Ng, Jane Singh, 1999-12-30 Asian Americans have made significant contributions to American society. This reference work celebrates the contributions of 166 distinguished Asian Americans. Most people profiled are not featured in any other biographical collection of noted Asian Americans. The Chinese Americans, Japanese Americans, Filipino Americans, Korean Americans, South Asian Americans from India and Pakistan, and Southeast Asian Americans from Cambodia, Laos, and Vietnam profiled in this work represent more than 75 fields of endeavor. From historical figures to figure skater Michelle Kwan, this work features both prominent and less familiar individuals who have made significant contributions in their fields. A number of the contemporary subjects have given exclusive interviews for this work. All biographies have been written by experts in their ethnic fields. Those profiled range widely from distinguished scientists and Nobel Prize winners to sports stars, from actors to activists, from politicians to business leaders, from artists to literary luminaries. All are role models for young men and women, and many have overcome difficult odds to succeed. These colorfully written substantive biographies detail their subjects' goals, struggles, and commitments to success and to their ethnic communities. More than 40 portraits accompany the biographies, and each biography concludes with a list of suggested reading for further research. Appendices organizing the biographies by ethnic group and profession make searching easy. This is the most current biographical dictionary on Asian Americans and is ideal for student research.
