**Becoming Jack Nicholson** Shaun R. Karli, 2012-11-02 One of the most celebrated figures in the world of cinema Jack Nicholson has appeared in more than fifty films stamping each with his larger than life presence Because Nicholson brought a set of traits and attitudes with him to his roles that the actor and filmmakers variously inflected audiences associated certain characteristics with his screen identity At times his rebelliousness was celebrated as an act of self expression against an oppressive system *Five Easy Pieces* *The Passenger* *One Flew Over the Cuckoo's Nest* and at others it was revealed as an absurd masculine fantasy *The Last Detail* *Chinatown* and *The Shining* In each the actor embodies an inherent tension between a desire to make authentic choices and a pressure to conform to societal expectations of manly behavior In *Becoming Jack Nicholson: The Masculine Persona from Easy Rider to The Shining* Shaun Karli looks at the actor's on screen presence in eight key films between 1969 and 1980 Karli explores how in each of these films the actor and the filmmakers played upon audience expectations of Jack Nicholson to challenge prevailing attitudes about masculinity and power Focusing on the actor's image in a string of counterculture films that spanned the 1970s Karli argues that audiences created a composite understanding of the Nicholson persona in these movies Examining both the actor and the on screen version of the Nicholson character this book offers a fascinating look at one of the major screen figures of the past forty years *Becoming Jack Nicholson* will appeal to scholars of cinema but also to those interested in gender studies American studies and sociology

*Easy Riders Raging Bulls* Peter Biskind, 2011-12-13 A dazzling no holds barred chronicle of the wild 1970s that transformed Hollywood capturing the sex drugs genius and chaos that ignited a cinematic revolution and changed movies forever In 1969 a low budget biker movie *Easy Rider* shocked Hollywood with its stunning success An unabashed celebration of sex drugs and rock n roll *Easy Rider* heralded a decade in which a rebellious wave of talented young filmmakers invigorated the movie industry *Easy Riders Raging Bulls* takes us on a wild ride that chronicles the exuberance and excess of the times the startling success of *Easy Rider* and the equally alarming circumstances under which it was made with drugs booze and violent rivalry between costars Dennis Hopper and Peter Fonda dominating the set how a small production company named BBS became the guiding spirit of the youth rebellion in Hollywood and how along the way some of its executives helped smuggle Huey Newton out of the country how director Hal Ashby was busted for drugs and thrown in jail in Toronto why Martin Scorsese attended the Academy Awards with an FBI escort when *Taxi Driver* was nominated how George Lucas gripped by anxiety compulsively cut off his own hair while writing *Star Wars* how a modest house on Nicholas Beach occupied by actresses Margot Kidder and Jennifer Salt became the unofficial headquarters for the New Hollywood how Billy Friedkin tried to humiliate Paramount boss Barry Diller and how screenwriter director Paul Schrader played Russian roulette in his hot tub It was a time when anything goes experimentation prevailed both on the screen and off After the success of *Easy Rider* young film school graduates suddenly found themselves in demand and directors such as Francis

Coppola Peter Bogdanovich George Lucas and Martin Scorsese became powerful figures Even the new generation of film stars Nicholson De Niro Hoffman Pacino and Dunaway seemed a breed apart from the traditional Hollywood actors Ironically the renaissance would come to an end with Jaws and Star Wars two hugely successful films that would create a blockbuster mentality and crush innovation Based on hundreds of interviews with the directors themselves producers stars agents writers studio executives spouses and ex spouses this is the full candid story of Hollywood s last golden age Never before have so many celebrities talked so frankly about one another and about the drugs sex and money that made so many of them crash and burn By turns hilarious and shocking Easy Riders Raging Bulls is the ultimate behind the scenes account of Hollywood at work and play

**Johnny B. Bad** Stephanie Bennett,2019-03-19 Thirty years ago Chuck Berry starred in the seminal music documentary Chuck Berry Hail Hail Rock N Roll which profiled the legend during a star studded concert celebrating his sixtieth birthday Now on the heels of Berry s death comes the complete story behind one of America s most enduring and embattled icons Compiled as an oral history by the film s producer Stephanie Bennett Johnny B Bad combines interviews from the film s participants including its music director Keith Richards These unique interviews and accounts paint a vivid and multifaceted picture of the artist Berry was at once a witty articulate genius now widely considered the godfather of rock and roll a shrewd businessman who had no trouble endlessly renegotiating contracts and refusing to perform until additional cash was gathered up and also a convicted criminal who in addition to serving time in prison for transporting a minor across state lines for immoral purposes had also been accused of sexual assault and sued in civil court for installing cameras in the restroom of the Southern Air a restaurant he owned in Wentzville Missouri

**The Lost Decade** Chris Horn,2023-10-19 Provides an analysis of Hollywood from a fresh viewpoint that shows the careers of Robert Altman Francis Coppola William Friedkin and others in the 1980s as far from conforming to a monolithic pattern of decline but rather as diverse and complex responses to political and industrial changes The 1980s are routinely seen as the era of the blockbuster and of Reaganite entertainment whereas the dominant view of late 1960s and early 1970s American film history is that of a Hollywood Renaissance a relatively brief window of artistry based around a select group of directors Yet key directors associated with the Renaissance period remained active throughout the 1980s and their work has been obscured or dismissed by a narrow singular model of American film history This book deals with industrial contexts that conditioned these directors ability to work creatively but it is also very much about the analysis of individual films bringing to light a range of unheralded work from the visual experimentation of One from the Heart Coppola 1981 to the experimental production contexts of Secret Honor Altman 1984 and the stylistic lan of To Live and Die in L A Friedkin 1985 Behind the homogenous picture of the decline of the auteur in 1980s American cinema are films and careers that merit greater attention and this book offers a new way to perceive individual films American film history and the viability of sustained authorial creativity within post studio era Hollywood

Other Hollywood Renaissance Lennard Dominic Lennard,2020-09-09 In the late 1960s the collapse of the

classic Hollywood studio system led in part and for less than a decade to a production trend heavily influenced by the international art cinema. Reflecting a new self-consciousness in the US about the national film patrimony, this period is known as the Hollywood Renaissance. However, critical study of the period is generally associated with its so-called principal auteurs, slighting a number of established and emerging directors who were responsible for many of the era's most innovative and artistically successful releases. With contributions from leading film scholars, this book provides a revisionist account of this creative resurgence by discussing and memorializing twenty-four directors of note who have not yet been given a proper place in the larger history of the period. Including filmmakers such as Hal Ashby, John Frankenheimer, Mike Nichols, and Joan Micklin Silver, this more expansive approach to the auteurism of the late 1960s and 1970s seems not only appropriate but pressing, a necessary element of the re-evaluation of Hollywood with which cinema studies has been preoccupied under the challenges posed by the emergence and flourishing of new media.

Containing 220 entries, this aims to cover every significant film maker in world cinema in the 20th century and discusses films in the context of the director's other works. From Buster Keaton to Ridley Scott, a whole century of directors are discussed and many film makers listed. *Time* Britton Hadden, 1990 Projecting Paranoia Ray Pratt, 2001. A wide-ranging and idiosyncratic look at sixty years of politics and film that uncovers how American movies have mirrored and even challenged anxieties and paranoid perceptions embedded in American society since the start of the Cold War. The first book to take a sweeping look at 60 years of film and analyze them thematically. Book of Days C. Edward Wall, 1987 **American Screenwriters** Karl Schanzer, 1993 Acting Male Dennis Bingham, 1994. Drawing parallels between acting and star-making and such concepts of gender identity as masquerade and role-playing, Dennis Bingham points out tensions between the mask of masculinity and the naturalness designed to obscure it. CinemaTexas Program Notes, 1980 **Variety's Film Reviews** Bowker, Bowker Editorial Staff, 1989-05 **Film Bulletin**, 1976 *In the Can* Lou Harry, Eric Furman, 2005. You Lose Some You Lose Some authors Lou Harry and Eric Furman continue their preoccupation with failure with *In the Can*, a look at fifty major movie stars and their biggest critical and box office duds. Some stars' lowest moments may be obvious while others take a bit more digging. Sections include *Bury It or Go Directly to Video*, DVD, including Jerry Lewis's legendary and never-released *The Day the Clown Cried* and Jim Varney and Kareem Abdul Jabbar in *Slam Dunk*. Ernest Out of the Vaults: Forgotten movies that get dragged into the spotlight when a star hits it big like Kevin Costner's *Sizzle Beach U.S.A.* and Sylvester Stallone's *Party at Kitty and Stud's*. Oscar Jinx: You'd think an Oscar would lead one to better projects. Sometimes you'd be wrong. Think Jane Darwell after *The Grapes of Wrath* or Marisa Tomei after *My Cousin Vinny*.
