Daniluk,2003-06-09 Moving beyond a traditional focus on sexual functioning this book emphasizes the complex interaction of psychological social cultural and biological influences on womens s sense of themselves as sexual beings Written for practitioners and educators its goal is to challenge contradictory messages and meanings that cause many women to feel disconnected from their bodies and from their needs and desires Themes explored include the development of sexual awareness and sexuality in childhood and adolescence the critical sexual choices of young adulthood and the multiple transitions characterizing the middle and later years of life The book features creative exercises and interventions to help girls and women construct more affirming sexual meanings

Forthcoming Books Rose Army,1992-10 **Lingbao Bifa: The Completed Methods of Inner Alchemy: Three Vehicles and Ten Methods of the Zhong-Lü Transmission** Laing Z. Matthews,2026-02-19 Lingbao Bifa The Completed Methods of Inner Alchemy is a clear practice facing translation of a classic Zhong Lu lineage manual that lays out Daoist cultivation as a structured sequence rather than a pile of inspirational sayings The text presents three vehicles and ten methods foundation work long life work and higher transformation work taught as staged operations governed by timing restraint and verification It insists on cause and effect It also insists on honesty results are to be confirmed not imagined This volume is built for readers who want the internal logic of the tradition without theatrical fog The Lesser Vehicle sections focus on repair and stabilization reducing leakage regulating water and fire and making the body mind capable of holding practice without strain The Middle Vehicle shifts the aim from feeling better to forming continuity methods that are meant to become stable enough to move without being pushed The Great Vehicle material expands into inner observation refinement and the language of transcendence while repeatedly warning against fixation on visions unusual sensations and egoic story making Unlike many modern presentations that flatten inner alchemy into vague meditation advice Lingbao Bifa speaks in the old technical grammar trigrams seasonal timing gates and passes gathering and returning increase and decrease Some statements belong to premodern cosmology yet the manual s practical intent remains consistent phase matters forcing backfires and the work is verified by signs that appear in a lawful sequence The commentary in this translation is blunt and protective It preserves the claims of the source while flagging where the text describes high risk behaviors or extreme retreat assumptions that do not transplant cleanly into ordinary

modern life The result is a usable book faithful translation clear framing and a readable map of how the Zhong Lu transmission thinks about training what comes first what comes later what must be stabilized before anything higher is attempted and why the tradition keeps repeating the same rule do not skip steps For serious practitioners scholars and readers who want to see Daoist inner alchemy as a coherent system of timing and method Lingbao Bifa offers a rare thing a complete manual that refuses shortcuts and refuses fantasy in the same breath *Savage Obsession* Luca M.
