Coping with Death and Dying John T. Chirban,1985      *Understanding Death and Dying* ,1981      **And Death Shall Have Dominion: Interdisciplinary Perspectives on Dying, Caregivers, Death, Mourning and the Bereaved** Katarzyna Malecka,Rossanna Gibbs,2019-07-22 This volume was first published by Inter Disciplinary Press in 2015 This collection of essays presents a variety of perspectives on death and dying by scholars from different countries The areas covered in the volume include Conceptual Cultural and Gender Approaches to Death and the Deceased Children and Death Legal Aspects of Euthanasia and Discussion on Choices at End of Life Palliative Care and Responsibilities and Challenges of Medical and Family Caregivers the Aesthetic Experience of Life s End and Modern Ways of Grieving and Commemorating the Dead

**Death, Grief, and Mourning** John S. Stephenson,1985-04-01 How do Americans cope with death Do our feelings about dying influence the way we live How are our ideas of death different from those of our ancestors These questions and others are addressed in this innovative new book a comprehensive interdisciplinary approach to the processes practices and experiences concerning death and dying in the United States Drawing on sociology and psychology as well as history and literature John S Stephenson surveys the range of individual and social responses to death from our very conception of its meaning to the complex ethical dilemmas surrounding suicide and euthanasia Stephenson synthesizes a theoretical perspective of death from the contributions of such important thinkers as Freud Jung Ernest Becker and Robert Jay Lifton He reviews the evolution of American attitudes and behaviors toward death from the Puritan era to the present and charts the significance of such organizations for the dying as hospitals hospices and nursing homes Bereavement as both personal reaction grief and social convention mourning is also discussed as is the denial of death as a coping mechanism for individuals and institutions alike In his final chapters Stephenson analyzes the ceremonies of death including gravestones as social indicators and provides a psychosocial overview of suicide as a final desperate attempt to assert control He concludes by exploring the implications of euthanasia at a time when technology can extend life dramatically but is not always capable of assuring its quality Throughout authentic case examples many drawn from Stephenson s own clinical work illustrate the multi faceted imagery and experiences that comprise the American way of death Stephenson s book will be welcomed by sociologists psychologists social workers religious leaders nurses and others concerned with caring for the dying and the bereaved It is a brilliant and elegantly written work that crosses disciplinary boundaries to provide a valuable synthesis of existing knowledge and offer educators and professionals a firm foundation for teaching practice and research      *National Library of Medicine Current Catalog* National Library of Medicine (U.S.),1992      **The Age of Spectacular Death** Michael Hviid Jacobsen,2020-09-08 This book explores death in contemporary society or more precisely in the spectacular age by moving beyond classic studies of death that emphasised the importance of the death taboo and death denial to examine how we now do death Unfolding the notion of spectacular death as characteristic of our modern approach to death and dying it

considers the new mediation or mediatisation of death and dying the commercialisation of death as a marketable commodity used to sell products advance artistic expression or provoke curiosity the re ritualisation of death and the growth of new ways of finding meaning through commemorating the dead the revolution of palliative care and the specialisation surrounding death particularly in relation to scholarship Presenting a range of case studies that shed light on this new understanding of death in contemporary culture The Age of Spectacular Death will appeal to scholars of sociology cultural and media studies psychology and anthropology with interests in death and dying *Death, Dying, Culture: An Interdisciplinary Interrogation* Lloyd Steffen, Nate Hinerman, 2019-01-04 This volume was first published by Inter Disciplinary Press in 2013 This inter and multi disciplinary volume examines how culture impacts care for the dying the overall experience of dying and ways the dead are remembered Over the past three decades scholarship in thanatology has increased dramatically This text localizes a broad array of perspectives that research analyze and interpret the many interrelations and interactions that exist between death and culture Culture not only presents and portrays ideas about a good death and norms that seek to achieve it but culture also operates as both a vehicle and medium through which meaning about death is communicated and understood Sadly too culture sometimes facilitates death through violence Helping Children Cope With Grief Alan Wolfelt, 2013-08-21 First published in 1984 A common myth is that that young children say around three years of age do not understand death or give the death of friend pet brother sister parent grandparent other relative or give it a Raggedy Ann doll meaning However research has indicated that they do If it is difficult for us to think about our death it is the author s hypothesis that to think of the death of our children is an even greater difficulty We dread the thought of our children suffering pain dying and death Similarly the thought of our children suffering grief is difficult for us to comprehend Helping Children Cope With Grief is more universal to more than the area of grief and is a valuable tool for parents teachers and counselors when their goal is to develop happier more loving children **Bereavement** Donna Infeld, Nadine R Penner, 2014-02-25 Helping a mother transcend the death of her only child helping a young child understand and cope with the death of a loved one and helping survivors of the AIDS epidemic cope with the loss of numerous loved ones and the loss of community are among the greatest challenges facing today s bereavement counselors Bereavement explores these sensitive issues and ways bereavement counselors can help these individuals construct new identities and new worldviews that are self affirming Using this book as a guide you can improve your understanding of the various resources and options that can be employed to achieve the healthy resolution of grief with individuals families and communities Recognizing that the experience of grieving is unique for all individuals Bereavement addresses a wide range of issues facing bereavement professionals Its authors offer a multitude of effective therapeutic interventions and techniques You will learn to encourage grievers to incorporate important aspects of their lost relationship s into their present lives to gain greater personal integration and wholeness see how to use music dance art and play therapy with clients to help them explore their
