Coping With Blushing:

Coping with Blushing Robert Edelmann, Robert J. Edelmann, 2021-12-23 I just couldn't stop blushing. It was awful. It's the thing you dread most. You're at a party giving a presentation, joining a new evening class, or even meeting your online date in real life for the first time. You feel the warmth creeping up over their face; you know they've noticed, and now they'll think you're socially inept or awkward or nervous. The more embarrassed you feel, the more you blush. But it doesn't need to be this way. Blushing is not something to be feared, and there are ways to break the cycle and regain control of your anxiety. Professor Edelmann offers proven, practical, and easy-to-manage strategies to unlearn feelings of failure and to not only survive but thrive in any social or professional situation.

For each factor, Rosemary Nicol explains how you can solve the problem or live with it more easily. One person in three suffers from IBS at some time in their lives. If you feel queasy when under stress or suffer from stomach aches and digestive problems, you may need this book.
