**Coronation Everest** Jan Morris, 2010-11-25 Exquisite powerful I can think of no better way of commemorating British exploration s culminating triumph Simon Winchester Coronation Everest offers a breathtakingly intimate evocation of the most famous of all mountaineering exploits and of perhaps the last great old fashioned Fleet Street scoop It was Morris who broke the news that a British led expedition had conquered Mount Everest the day before the Queen s coronation in 1953 Allied to physical courage in getting down the mountain and a dogged resourcefulness in getting the news home Morris scooped the world and was launched on one of the most remarkable literary careers in the second half of the twentieth century Guardian Jan Morris s collection of travel writing and reportage spans over five decades and includes such titles as Venice Coronation Everest Hong Kong Spain Manhattan 45 A Writer s World and the Pax Britannica Trilogy Hav her novel was shortlisted for the Booker Prize and the Arthur C Clarke Award *Coronation Everest. [An Account of how the News of the Ascent of Everest Reached London on the Eve of Queen Elizabeth's Coronation, June 1st, 1953. With Plates, Including a Portrait, and Maps.]* Jan Morris, 1963 *British culture and the end of empire* Stuart Ward, 2017-03-01 This book is the first major attempt to examine the cultural manifestations of the demise of imperialism as a social and political ideology in post war Britain Far from being a matter of indifference or resigned acceptance as is often suggested the fall of the British Empire came as a profound shock to the British national imagination and resonated widely in British popular culture The sheer range of subjects discussed from the satire boom of the 1960s to the worlds of sport and the arts demonstrates how profoundly decolonisation was absorbed into the popular consciousness Offers an extremely novel and provocative interpretation of post war British cultural history and opens up a whole new field of enquiry in the history of decolonisation **Coronation Everest** James Humphrey Morris, 1958 *The World* Jan Morris, 2005-03-22 A breathtakingly vivid guide to our greatest cosmopolitan cities and cultures from Manhattan to Venice and from Baghdad to Barbados this book assembles 50 years of Morris s finest travel writing **Fallen Giants** Maurice Isserman, Stewart Angas Weaver, Dee Molenaar, 2010-01-01 In the first comprehensive history of Himalayan mountaineering in 50 years the authors offer detailed original accounts of the most significant climbs since the 1890s and they compellingly evoke the social and cultural worlds that gave rise to those expeditions Traveling Genius Gillian Fenwick, 2008 This is a guidebook to the multifaceted career of the popular travel writer and historian Traveling Genius surveys the half century of work by British writer Jan Morris including more than fifty books and thousands of essays and reviews from 1950s America via Oxford Venice Trieste Sydney and Hong Kong to her home in Wales Internationally known as a travel writer she has also distinguished herself across many other genres by writing history autobiographies and biographies and literary fiction and essays Existing accounts of Morris work are largely confined to reviews and magazine essays and often concentrate on James Morris sex change and transformation into Jan Morris This is of course significant to the writing and some critics detect a change of tone and style afterward but a detailed

analysis of how her writing works has not yet been undertaken In *Traveling Genius* Gillian Fenwick fills that gap in the scholarship with the first study to explore the depths of Morris complete body of work utilizing close readings and archival research Fenwick maintains that Morris abilities as historian biographer novelist journalist essayist and reviewer all come to bear in the travel writing that has defined and distinguished her international career In her unique profiles of cities and nations Morris has the ability to capture the spirit of a place and its culture without mere descriptions of tourist sites and activities as illustrated in her best selling works on Venice Oxford and Spain Her historical volumes and the groundbreaking Pax Britannica trilogy in particular show her abilities to write for a popular audience while influencing the work and opinions of academics *The Alpine Journal* ,1921 Shank's Mare Ron Strickland,1988 *The Publishers' Circular and Booksellers' Record* ,1911 **Reaching the Summit** Alexa Johnston,2005 Presents a biography of mountain climber and adventurer Edmund Hillary providing a chronicle of his life from his childhood in New Zealand to his ascent of Mount Everest Includes photographs The United States Catalog ,1965 **Current Events** ,1960-07 **Current Biography Yearbook** ,2006 **Summit Magazine** ,1993 Anthropological Notebooks ,2006 *Opuscula Tibetana* ,1974 High Life John Burnard West,1998 The history of high altitude physiology and medicine is such a rich and colorful topic that it is surprising no one has undertaken a comprehensive account before From the early balloonists to various high altitude expeditions culminating in the great feat of climbing Mount Everest without supplementary oxygen the basic biological challenge of hypoxia has underpinned the human experience at high altitude Of key importance in several areas of medicine including pulmonology critical care anesthesiology and cardiology this topic is also of general interest to other life sciences such as biology and ecology because hypoxia is encountered by many organisms throughout the animal kingdom High Life covers the topic from its earliest beginnings with the Greeks to the last two or three years and highlights many geographical locations such as China Japan India and Russia Including 185 illustrations over 800 references and three appendixes detailing the chronology of main events databases of high altitude publications tables of high altitude locations a list of classical books on the topic and narratives of classical and modern high altitude expeditions this book is a comprehensive reference text which should be of value to anyone interested in high altitude and hypoxia The Himalayan Journal ,1974 **Library of Congress Catalogs** Library of Congress,1960
