## **Correspondence Of Erasmus:**

*The Correspondence of Erasmus* Desiderius Erasmus, 2015-03-27 The letters in this volume reflect Erasmus anxiety about the endemic warfare in Western Europe the advance of the Ottoman Turks into Europe and the increasing threat of armed conflict between Catholics and Protestants in Germany Unable and unwilling to attend the Diet of Augsburg June November 1530 summoned by Emperor Charles V in the attempt to mediate a religious settlement Erasmus corresponded with those in attendance urging them in vain to preserve peace at all costs The letters also shed light on Erasmus controversies with Catholic critics Luis de Carvajal and Frans Titelmans who accused him of Lutheran sympathies and former friends among the Protestant reformers Gerard Geldenhouwer and others in Strasbourg who embarrassed him by citing him in support of their views Because of a mysterious and debilitating illness identified in an appendix to the volume the twelve months covered were less productive of scholarship than was usual for Erasmus but it did see the publication of the five volume Froben edition of St John Chrysostom in Latin Volume 16 of the Collected Works of Erasmus series *The Correspondence of Erasmus* Desiderius Erasmus, 2018-06-12 The letters in this volume cover Erasmus correspondence from March to December 1527 These 129 letters centre primarily on Erasmus continuing struggle with his Catholic critics especially those in Spain and France and on Erasmus growing criticism of the Protestant reform movement The letters show Erasmus attempts to justify his position and to win favour with rulers other prestigious men and powerful institutions all influential in both secular and religious spheres Although the Inquisition in Spain investigated his orthodoxy and did not bring charges against him the Paris Faculty of Theology formally condemned 112 propositions drawn from Erasmus works in December 1527 The letters in this volume written by and to Erasmus in this critical time represent a unique view of a Europe torn by war and breaking apart into religious confessionalism and regionally organized churches Throughout all this controversy Erasmus repeatedly protested that the sole aim of his life s work was to promote the study of humanities for the profit of both knowledge and religion Volume 13 of the Collected Works of Erasmus series *The Correspondence of Erasmus* Desiderius Erasmus, 1974 The letters in this volume reflect Erasmus anxiety about the endemic warfare in Western Europe the advance of the Ottoman Turks into Europe and the increasing threat of armed conflict between Catholics and Protestants in Germany The Correspondence of Erasmus, 1658-1801 Charles G. Naurt, 2002-07-01 The letters in Volume 12 cover Erasmus correspondence for all of 1526 and roughly the first quarter of 1527 It also contains translations of his earliest will and selections from correspondence among his Spanish admirers during the years 1522 1527 **Correspondence of Erasmus** Desiderius Erasmus, 1980-12-01 This volume covers a number of significant events and issues in Erasmus life and in the history of his times He travels on horseback from Louvain to Basel to assist his publisher and friend Johann Froben during the crucial phases in the production of his revised New Testament the edition that he feels will be his lasting contribution to the scholarly foundations of the Christian faith Once it is in the hands of the public he feels he will be able to face the

approach of old age more calmly On the return journey to Louvain he falls gravely ill from what is diagnosed as bubonic plague but recovers in a month and convalesces in the home of another publisher friend Dirk Martens International politics continue to capture his attention Requests for funds in support of a papal crusade against the Turks arouse the flames of German national sentiment With the death of Maximilian I friends of Erasmus such as Richard Pace Ulrich von Hutten and Guillaume Bud are involved in diplomatic negotiations concerning the imperial succession When Prince Ferdinand arrives from Spain and requires a tutor the question of Erasmus own return to active court duties is raised After the appearance of Luther s Ninety five Theses on indulgences purgatory and papal authority the question arises among conservatives whether Erasmus work too is a threat to the traditional ways of the church and society For the time being Erasmus is prepared to commend Luther and defend the latter s right to be critical of the church Erasmus overriding conviction at this point is that he and Luther are both part of the great intellectual and spiritual renewal that is taking place in so many parts of Europe As Luther s appearance lends a new kind of spiritual and patriotic vigour to German humanism the cult of Erasmus Erasmus the fellow German becomes an integral part of that new enthusiasm with Saxony and its elector Frederick the Wise at its center

The Correspondence of Erasmus Desiderius Erasmus,1974 The aim of the Collected Works of Erasmus is to make available an accurate readable English text of Erasmus correspondence and his other principal writings in an edition of 89 volumes Erasmus was one of the architects of modern thought and his works reflect a vast range of interests including history theology the classics social theory education political theory literature and the history of ideas His letters remain the single most important source for the intellectual history of the Renaissance and Reformation Publisher *The Correspondence of Erasmus* Desiderius Erasmus,2016-10-27 Many of the letters in this volume which covers the period August 1530 to March 1531 reflect Erasmus anxieties over events at the Diet of Augsburg June November 1530 at which the first of many attempts to achieve a negotiated settlement of the religious division in Germany came to a rancorous conclusion thus fostering the fear that religious controversy would eventually lead to war His other chief concerns were the continued attacks on him by Catholic critics who regarded him as a clandestine Lutheran and the insistence of many evangelical reformers that he was their spiritual father The literary output of the period covered includes major works aimed at members of both groups Volume 17 of the Collected Works of Erasmus series The Correspondence of Erasmus Desiderius Erasmus,D. F. S. Thomson,1975-01-07 Although most of the letters from this period are familiar letters to friends or formal dedications to prospective patrons there are occasional glimpses into the intense intellectual activity that filled these years

Estes,2017-07-14 This volume contains the surviving correspondence of Erasmus for the first seven months of 1529 For nearly eight years he had lived happily and productively in Basel In the winter of 1528-9 however the Swiss version of the Lutheran Reformation triumphed in the city destroying the liberal reformist atmosphere Erasmus had found so congenial Unwilling to live in a place where Catholic doctrine and

practice were officially proscribed Erasmus resettled in the quiet reliably Catholic university town of Freiburg im Breisgau Despite the turmoil of moving Erasmus managed to complete the new Froben editions of Seneca and St Augustine both monumental projects that had been underway for years He also found time to engage in controversy with his conservative Catholic critics as well as to write a long letter lamenting the execution for heresy of his friend Louis de Berquin at Paris
