[How to Build a Blog](#) Danny Iny,2013-10-08 Blogs are supposed to be the magic bullet for online business Whether you re a professional blogger or your blog is built to buoy your regular business you re pressing publish for one primary reason To build engage and nurture a ginormous audience Not just big and ginormous an audience so massive you re virtually guaranteed a flood of customers wide enough that your rivers of online revenue will never stop flowing At least that s how it s supposed to work Yet the vast majority of blogs trudge along with an Alexa ranking soaring north of a million with their authors seemingly screaming down an empty online hallway as the echo of their voices slowly fades amid the chirping crickets and digital tumbleweeds It wasn t supposed to be this hard You must be doing something wrong or maybe missing something obvious You search for help but instead of answers you find yourself skidding along a slippery path littered with snake oil and bombastic claims Make 500 in just one hour with our no fail system How I Make 4 729 19 every week while never changing out of my pajamas Tired of Losing Beat any competitor to the front page of GoogleThe siren call is alluring yet you can see the jagged rocks in the distance If it s so easy to make 500 in an hour why are they selling the system for 27 rather than hiring teams of people to do all the work and make them the money What if your competitor buys the same course how fast will she knock you off of that top spot Why do they always detail the amount down to the last decimal You re skeptical but hopeful It seems like everyone is growing a giant site in no time just not you What s

their secret You open your wallet carefully sidestepping the results not typical disclaimers You sift through the nonsense find a few kernels of solid advice then diligently put them to work But you find nothing but more crickets and tumbleweeds maybe a scant handful of new visitors This is exhausting but you don t have to do it anymore How to Build a Blog cuts through the crap and shows you why the guru strategies don t always work and how you can follow an A B C strategy that will It might not be easy but it is possible And How to Build a Blog shows you exactly how with proven tangible examples that you can start following tomorrow
