## **Defence Of White Power South African Foreign Policy Under Pressure:**

**The Defence of White Power** Robert Scott Jaster, 1988-11-24      **South Africa's Foreign Policy** James Barber, John Barratt, 1990-04-19 An exceptionally thorough study of South African foreign policy and the factors influencing its formation

The Defence of White Power Robert S. Jaster, 1989-01-01      The Road to Democracy in South Africa South African Democracy Education Trust, 2024-12-02 This book examines the contributions made by the governments organisations and African people on the ground throughout the continent towards the realisation of the South African dream in 1994 The chapters provide detailed insight into the roots of the continent s liberation from colonialism The subject matter in this book also discusses The anti apartheid struggle Caribbean solidarity with the South African struggle Botswana s role in South African liberation Black internationalism The involvement of the ANC Print editions not for sale in Sub Saharan Africa This book is part of Routledge s co published series 30 Years of Democracy in South Africa in collaboration with UNISA Press which reflects on the past years of a democratic South Africa and assesses the future opportunities and challenges

*Cuba, Africa, and Apartheid's End* Isaac Saney, 2023-01-09 Cuba Africa and Apartheid s End Africa s Children Return examines the history and impressive dimensions of the Cuban Revolution s solidarity with Africa Cuba s role in the southern African national liberation and anti colonial struggle was the largest and most consequential manifestation of the island s commitment to Africa A key moment was the 1987 1988 battle of Cuito Cuanavale which involved Cuba and Angola on one side and South Africa and its allies on the other Cuito Cuanavale contributed the end of apartheid and has assumed legendary status within the Cuban Revolution and the southern African liberation movement

Socio-political and Psychological Perspectives on South Africa Christopher R. Stones, 2001 South Africa is a society that sadly has been divided against itself even at the best of times Beginning with the initial advent of colonialism on the southern tip of the African continent through to the later spawning of apartheid as well as in its nascent democracy divisions have continually been manifest in varying form and content along racial ethnic class religious language political or other socio economic and cultural lines Unlike most societies South Africa is a natural laboratory for psycho social research yet it has been foreign researchers who have conducted most of the behavioural studies on the human condition in the country South African psychologists seem to have steered clear of involvement in researching any major policy impact especially in recent times when the re shaping of South African society has been at its height Each of the authors in this book is South African and appropriately has lived through the transition in South Africa and has attempted to understand the changes at both professional and personal levels The contributors were each asked to write a chapter that would explore the South African socio political terrain from within their fields of expertise and so help others navigate the uncharted future with less trepidation

**A Far-Away War** Ian Liebenberg, 2016-01-31 South Africa s armed forces invaded Angola in 1975 setting off a war that had consequences for the whole region that are still felt today A Far Away War contributes to a wider

understanding of this war in Angola and Namibia The book does not only look at the war from an e olde South African Defence Force perspective but also gives a voice to participants e on the other sidee emphasising the role of the Cubans and Russians This focus is supplemented by the inclusion of many never before published photographs from Cuban and Russian archives and a comprehensive bibliography

**Towards a Common Defence and Security Policy in the Southern African Development Community** Hussein Solomon,2004 From a historical post apartheid perspective this book argues that apartheid destabilisation in the Southern African sub region resulted in a particular form of regionalisation which favoured state security over human security stressed solidarity and regarded external intervention as inimical to its own interests It argues that this stance was fundamentally anti democratic and that its legacy haunts the organs SADC and the SADC Organ on Politics Defence and Security as the premier vehicles for security cooperation in the region The book argues that a further legacy of apartheid destabilisation was to foster national sovereignties at the expense of a collective regional identity the present challenge being for SADC to decide how best to move to considerations of regional security It then addresses issues such as the need to develop a common military doctrine command training and control The book is divided into three parts The first provides historical background to the current developments outlining the challenges facing the region s policymakers and citizens The second part focuses on the nuts and bolts of defence cooperation among the SADC states The final part addresses the SADC Organ on Politics Defence and Security its institutional problems and outlines possible mechanisms for correcting them The contributors are mostly connected with the Africa Institute of South Africa and the University of Pretoria

**South Africa as Apartheid Ends** Newell Maynard Stultz,1993

**Nuclear Reactions** Mark S. Bell,2021-04-15 Nuclear Reactions analyzes how nuclear weapons change the calculations states make in their foreign policies why they do so and why nuclear weapons have such different effects on the foreign policies of different countries Mark S Bell argues that nuclear weapons are useful for more than deterrence They are leveraged to pursue a wide range of goals in international politics and the nations that acquire them significantly change their foreign policies as a result Closely examining how these effects vary and what those variations have meant in the United States the United Kingdom and South Africa Bell shows that countries are not generically emboldened they change their foreign policies in different ways based on their priorities This has huge policy implications What would Iran do if it were to acquire nuclear weapons Would Japanese policy toward the United States change if Japan were to obtain nuclear weapons And what does the looming threat of nuclear weapons mean for the future of foreign policy Far from being a relic of the Cold War Bell argues nuclear weapons are as important in international politics today as they ever were Thanks to generous funding from the University of Minnesota and its participation in TOME the ebook editions of this book are available as Open Access volumes available from Cornell Open [cornellpress.cornell.edu/cornell-open](http://cornellpress.cornell.edu/cornell-open) and other repositories

*Making Peace Pay* Nils Petter Gleditsch,2000

**European Decolonization** Martin Thomas,2007 This collection brings together twenty one key articles that explore the nature and

impact of colonial withdrawal Ranging across all the European colonial powers the articles discuss various aspects of decolonization including the role of political violence changing popular attitudes to empire and the inter actions between colonial conflict and Cold War

**Change and South African External Relations** Walter Carlsnaes, Marie Eloïse Muller, 1997 *Africa Today*, 1989 *Making War and Waging Peace* David R. Smock, 1993 During the past decade or so Africa has been beset by an extraordinarily high number of wars Indeed some two to three million people died because of Africa's warfare in the 1980s alone That heavy burden of war most of it originating internally has been accompanied by frequent external involvement both in terms of military intervention and through efforts to promote conflict resolution usually by mediation This volume focuses on the role and effectiveness of external intervention in sub-Saharan Africa primarily during the 1980s The authors include a range of Western and African scholars and policymakers with extensive experience in Africa The richly detailed case studies examine Angola and Namibia Ethiopia and Eritrea Mozambique and Sudan Additional essays assess the role of the OAU and summarize French British and Belgium military involvement An afterword by former diplomat Chester Crocker offers several guidelines for promoting peace making and peacekeeping on the African continent in the future *International Affairs*, 1989 **Joint Acquisitions List of Africana**, 1989

**Challenges to Global Security** Hussein Solomon, 2008 Ours is an age of great upheaval where change sometimes appears to be the only constant Three of the most important forces driving such change are globalization regionalization and democratization This substantial work makes a concerted attempt to understand these forces and to show how they impact on the vitally important question of global security The volume brings together a wide range of scholars who hold diverse views and who collectively make a very significant contribution to current discourses within international relations and contemporary geopolitics Such is the book's breadth that it covers every region of the world addressing in turn security problems in the USA Latin America South Asia South East Asia Europe Russia and environs the Middle East and Africa Each discourse receives substantial coverage from economics and politics to religion religious fundamentalism and human rights **Challenges to Global Security** offers one of the richest comparative volumes yet to be published on the subject and will have strong appeal to students scholars and policymakers in the fields of international relations ethics and politics

**African Studies Review**, 1991 *The Domestic Sources and Consequences of Aggressive Foreign Policies* Neta Crawford, 1995
