Rethinking Sexual Citizenship Jyl J. Josephson, 2016-05-01 Public policy often assumes there is one correct way to be a family Rethinking Sexual Citizenship argues that policies that enforce this idea hurt all of us and harm our democracy Jyl J. Josephson uses the concept of sexual citizenship a criticism of the assumption that all families have a heterosexual at their center to show how government policies are made to punish or reward particular groups of people This analysis applies sexual citizenship not only to policies that impact LGBTQ families but also to other groups including young people affected by abstinence only public policies and single parent families affected by welfare policy The book also addresses the idea that the normal family in the United States is white It concludes with a discussion of how scholars and activists can help create a more inclusive democracy by challenging this narrow view of public life

What Is Marriage? Sherif Girgis, Ryan T. Anderson, Robert George, 2020-07-21 Until very recently no society had seen marriage as anything other than a conjugal partnership a male female union **What Is Marriage** identifies and defends the reasons for this historic consensus and shows why redefining civil marriage as something other than the conjugal union of husband and wife is a mistake Originally published in the Harvard Journal of Law and Public Policy this book's core argument quickly became the year's most widely read essay on the most prominent scholarly network in the social sciences Since then it has been cited and debated by scholars and activists throughout the world as the most formidable defense of the tradition ever written Now revamped expanded and vastly enhanced **What Is Marriage** stands poised to meet its moment as few books of this generation have Sherif Girgis Ryan T Anderson and Robert P George offer a devastating critique of the idea that equality requires redefining marriage They show why both sides must first answer the question of what marriage really is They defend the principle that marriage as a comprehensive union of mind and body ordered to family life unites a man and a woman as husband and wife and they document the social value of applying this principle in law Most compellingly they show that those who embrace same sex civil marriage leave no firm ground none for not recognizing every relationship describable in polite English including polyamorous sexual unions and that enshrining their view would further erode the norms of marriage and hence the common good Finally **What Is Marriage** decisively answers common objections that the historic view is rooted in bigotry like laws forbidding interracial marriage that it is

callous to people's needs that it can't show the harm of recognizing same sex couplings or the point of recognizing infertile ones and that it treats a mere social construct as if it were natural or an unreasoned religious view as if it were rational

The Defense of Wisconsin 2006 Marriage Amendment (Thesis) Terry Virgil, 2014-12-15 Defending traditional marriage between just one man and one woman only and showing why same sex marriage is wrong **Texas Law Review**, 1998 A Bar Association number issued annually in Oct in v 1 18 this no contains Proceedings of the 42nd 59th annual sessions 1923 1940 of the Texas Bar Association in v 18 26 contains Proceedings of the 1st 9th annual meetings 1940 1948 of the State Bar of Texas **Social Science Abstracts**, 1930 **Regent University law review**, 2005 40 Days and 40 Nights Matthew Chapman, 2007-04-10 In this fascinating story of evolution religion politics and personalities Matthew Chapman captures the story behind the headlines in the debate over God and science in America In *Kitzmiller v Dover Board of Education* decided in late 2005 a Republican judge rendered a surprising verdict in a case that pitted the teaching of intelligent design sometimes known as creationism in a lab coat against the teaching of evolution Taking place in a small Pennsylvania school district the case had national repercussions all the way up to President Bush who said he believed intelligent design should be taught as an alternative theory to evolution Matthew Chapman the great great grandson of Charles Darwin spent several months covering the trial from beginning to end Through his in depth encounters with the participants creationists preachers teachers scientists on both sides of the issue lawyers theologians the judge and the eleven parents who resisted the fundamentalist proponents of intelligent design Chapman tells a sometimes terrifying often hilarious and above all moving story of ordinary people doing battle in America over the place of religion and science in modern life Written with a filmmaker's eye for character and detail and including insights only a descendent of Darwin could bring forth Chapman paints an entertaining yet disturbing picture of America today *Representing God at the Statehouse* Edward L. Cleary, Allen D. Hertzke, 2006 In this groundbreaking collection Edward L Cleary and Allen D Hertzke bring together nine new essays that provide the first systematic comparative view of religion and politics at the state level These essays take an in depth look at the pressing issues facing states across the nation and how religious lobbies and organizations are addressing them By examining the responses of different denominations and their rationales for involvement the contributors explore the enormous diversity of interests being represented at the state level Brigham Young University Law Review, 2006
