## **Defining Edges A New Look At Picture Frames:**

**Defining Edges** W. H. Bailey, 2002-11-19 It is not surprising that certain artists among them Michelangelo Ingres Church DeGas van Gogh Klimt Whistler Matisse Seurat and Mondrian designed frames for their own pictures Klee Miro Kahlo Dali Calder and Hockney incorporated actual frames into the works themselves **BOOK JACKET** *Looking at European Frames* D. Gene Karraker, 2009 Works of art in their own right frames play an essential and often overlooked role in complementing the artworks they support The craft and history of European frames is a fascinating subject and this volume provides a guide to the frame maker s art from the thirteenth to the nineteenth century This handbook features more than two hundred entries arranged alphabetically from abacus to whitening that concisely explain the materials and methods involved in the creation of frames Illustrated with examples from the collection of the J Paul Getty Museum this reference tool is invaluable not only to professionals and collectors but also to anyone wishing to increase his or her understanding and enjoyment of frames **Book Jacket** **The Frame in Classical Art** Verity Platt, Michael Squire, 2017-04-20 This book reveals how marginal aspects of Graeco Roman art play a fundamental role in shaping and interrogating ancient and modern visual culture **Framing Russian Art** Oleg Tarasov, 2012-01-01 The notion of the frame in art can refer not only to a material frame bordering an image but also to a conceptual frame Both meanings are essential to how the work is perceived In **Framing Russian Art** art historian Oleg Tarasov investigates the role of the frame in its literal function of demarcating a work of art and in its conceptual function affecting the understanding of what is seen The first part of the book is dedicated to the framework of the Russian icon Here Tarasov explores the historical and cultural meanings of the icon s setting and of the iconostasis Tarasov s study then moves through Russian and European art from ancient times to the twentieth century including abstract art and Suprematism Along the way Tarasov pays special attention to the Russian baroque period and the famous nineteenth century Russian battle painter Vasily Vereshchagin This enlightening account of the cultural phenomenon of the frame and its ever changing functions will appeal to students and scholars of Russian art history **Velázquez, Painter & Curator** Julia Vázquez, 2024-11-04 This book is the first to address the curatorial career of Diego Velázquez painter to King Philip IV of Spain and chamberlain of his royal palace It investigates the role that Velázquez played in overseeing the display of the Habsburg art collection then the richest in the western world and the role in turn that this practice played in his creative trajectory between his arrival at the Spanish court in 1623 and his death in 1660 This book thus recasts Velázquez s career as an episode in the history of the curator **The Language of Houses** Alison Lurie, 2014-08-19 In 1981 Pulitzer Prize winning novelist Alison Lurie published *The Language of Clothes* a meditation on costume and fashion as an expression of history social status and individual psychology Amusing enlightening and full of literary allusion the book was highly praised and widely anthologized Now Lurie has returned with a companion book *The Language of Houses* a lucid provocative and entertaining look at how the architecture of buildings and the spaces within them both reflect and affect the people who

inhabit them Schools churches government buildings museums prisons hospitals restaurants and of course houses and apartments all of them speak to human experience in vital and varied ways The Language of Houses discusses historical and regional styles and the use of materials such as stone and wood and concrete as well as contemplating the roles of stairs and mirrors windows and doors tiny rooms and cathedral like expanses illustrating its conclusions with illuminating literary references as well as the comments of experts in the field This book which is accompanied by light hearted original drawings by Karen Sung is an essential and highly entertaining new contribution to the literature of modern architecture Making Faith Magnetic Daniel Strange,2021-10-01 How to talk about Jesus in a way that connects with modern culture As followers of Jesus we know that the good news is deeply attractive But we often fear that to those on the outside it comes across as irrelevant or even repellent Sometimes the Christian worldview feels so out of step with everything else going on that we don't know how to share our faith However author Daniel Strange wants to show you that the connections are there in fact the longings that our culture cannot help but express are the very ones that Jesus fulfills Building on the work of theologian J H Bavinck Dan reveals five recurring themes that our culture can't stop talking about or as he puts it the five permanent itches that in our work rest and play we have to vigorously scratch From TV to books to social media these are the questions we can't stop asking and the tensions we can't stop wrestling with and Jesus speaks powerfully into each one This book will help you to spot these connections in our culture excite you about how Jesus makes sense of humankind's deepest questions and longings apply them to your own life first and then equip you to speak of him to others in a way that is truly magnetic Dan Strange has written another terrific down to earth book to help believers engage in fruitful conversations with friends about faith Dr Timothy Keller who has also written the foreword to this book **Interior Design** ,2003 *Antiques* ,2003 Embracing Elegance, 1885-1920 Barbara J.
