**Noel Chevalier**

## **Defoe And The Defense Of Commerce:**

Defoe and the Defense of Commerce Thomas Keith Meier,1987      **British Discovery Literature and the Rise of Global Commerce** A. Neill,2002-05-10 British Discovery Literature and the Rise of Global Commerce examines how between 1680 and 1800 British maritime travellers became both friends and foes of the commercial state These nomadic characters report on remote parts of the globe in the twin contexts of an increasingly powerful imperial state and an emerging world economy Examining voyage narratives by William Dampier Daniel Defoe Jonathan Swift Tobias Smollett Samuel Johnson James Cook and William Bligh Neill demonstrates how the transformation of travellers from nomadic outlaws into civil subjects and vice versa takes place against the political economic backdrop of commercial expansion      **The Oxford Handbook of Daniel Defoe** Nicholas Seager,J. A. Downie,2024-02-29 Across his vast oeuvre which includes books pamphlets and periodicals Daniel Defoe commented on virtually every development and issue of his lifetime a turbulent and transformative period in British and global history This Handbook offers the most comprehensive overview available of his life times writings and reception      **The Aesthetics of Democracy** Craig Carson,2017-06-27 This book offers an original and interdisciplinary interpretation of the relation between aesthetics and modern liberal democracy uniting the fields of art theory with the democratic political philosophy and modern liberal economic theory The central argument of the books offers an explanation of the theoretical limitations of the contemporary discourse concerning political art while at the same time illustrating historically how the European and American discourse of modern democracy and political economy developed an explicit stance against the conflation of art and politics Exposing the unstated presuppositions about our modern liberal democracy Craig Carson opens a new field of inquiry concerning the role of art media and televisual theater central to modern politics      **Religious and Didactic Writings of Daniel Defoe: The complete English tradesman, volume I (1725) ; A supplement to The complete English tradesman (1727 (for 1726))** Daniel Defoe,2006      *An Humble Proposal to the People of England* Daniel Defoe,2023-10-04 In *An Humble Proposal to the People of England* Daniel Defoe employs a satirical yet earnest tone to address pressing social issues of early 18th century England particularly the dire circumstances faced by the impoverished Through a series of imaginative suggestions that propose practical solutions to alleviate poverty Defoe critiques the socio economic conditions of his time while simultaneously engaging the reader in a dialogue about moral responsibility The work s style is characterized by its blend of persuasive rhetoric and biting irony offering a unique glimpse into the complexities of human misery and societal indifference prevalent during the period Defoe a journalist and pioneer of the novel is renowned for his keen observations of society and his ability to weave complex narratives that explore themes of individualism and economics His own experiences with poverty and financial ruin likely motivated him to craft this proposal as he sought to draw attention to the plight of the marginalized and advocate for reforms Defoe s background in trade and his passionate engagement with the socio political climate further enrich his arguments

allowing him to speak from a position of informed empathy This book is highly recommended for anyone interested in social reform economic thought or satirical literature Defoe s blend of humor and earnestness makes *An Humble Proposal* not only a compelling read but also a timeless reflection on the responsibilities of society towards its most vulnerable members In this enriched edition we have carefully created added value for your reading experience A succinct Introduction situates the work s timeless appeal and themes The Synopsis outlines the central plot highlighting key developments without spoiling critical twists A detailed Historical Context immerses you in the era s events and influences that shaped the writing An Author Biography reveals milestones in the author s life illuminating the personal insights behind the text A thorough Analysis dissects symbols motifs and character arcs to unearth underlying meanings Reflection questions prompt you to engage personally with the work s messages connecting them to modern life Hand picked Memorable Quotes shine a spotlight on moments of literary brilliance Interactive footnotes clarify unusual references historical allusions and archaic phrases for an effortless more informed read

*Research Guide to Biography and Criticism: 1990 update*, 1985 *Daniel Defoe and Diplomacy* William James Roosen, 1986 Daniel Defoe s ideas on international relations and diplomacy show that he was a diplomatic realist who was concerned with such topics as the dangers of universal monarchy the balance of power just wars the rights and responsibilities of diplomatic agents and the operations of alliances

**Dissertations in English and American Literature** Laurence F. McNamee, 1974 **Charles Johnson's "General History of the Pyrates" and Global Commerce** Noel Chevalier, 2025-06-17 A bestseller upon its publication in 1724 Charles Johnson s *General History of the Pyrates* shaped public perceptions of piracy with its portraits of such legendary figures as Blackbeard Mary Read Anne Bonny and Bartholomew Roberts Yet despite influencing everything from *Treasure Island* to *Peter Pan* Johnson s book has yet to be taken seriously as a literary work in its own right This study explores how *General History of the Pyrates* was at the heart of early eighteenth century British debates about commerce colonialism and law Examining how pirates are depicted as both monsters and Great Men Noel Chevalier untangles the contradictions within a Britain emerging as a colonial superpower where ruthlessness and ambition were both feared and praised Traveling the high seas to plunder treasure from foreign lands pirates were not so different from the British capitalists who built fortunes from resource extraction the plantation economy and the transatlantic slave trade Connecting the work to later books like *Gulliver s Travels* and *The Beggar s Opera* that satirized the era and its power hungry prime minister Robert Walpole Chevalier shows how the pirate became an iconic figure in 1720s Britain a time of cold hearted capitalism and rapacious colonial expansion

**Defoe's America** Dennis Todd, 2010-07-08 The Americas appear as an evocative setting in more than half of Daniel Defoe s novels and often offer a new beginning for his characters In the first full length study of Defoe and colonialism Dennis Todd explores why the New World loomed so large in Defoe s imagination By focusing on the historical contexts that informed Defoe s depiction of American Indians African slaves and white indentured servants Dennis Todd investigates the colonial assumptions that

shaped his novels and at the same time uncovers how Defoe used details of the American experience in complex often figurative ways to explore the psychological bases of the profound conversions and transformations that his heroes and heroines undergo And by examining what Defoe knew and did not know about America what he falsely believed and what he knowingly falsified Defoe s America probes the doubts hesitations and contradictions he had about the colonial project he so fervently promoted

Defoe and the Dutch Margaret J-M Sönmez,2015-10-28 The novels of Daniel Defoe are set in years during which two Anglo Dutch wars were fought a Dutch king took over the English throne and the primacy of the Dutch in Northern European commerce was in the process of being overtaken by the English At the time of these novels publication the geo physical political and cultural achievements of the United Provinces were still remarked upon as extraordinary while so many people had travelled between the two countries that Dutch communities in England and English communities in the United Provinces were unremarkable Defoe s personal professional and political interests lay parallel and very close to stereotypically Dutch affairs such as tolerance of dissenting Christianity the promotion of trade as the source of a country s wealth and Court Whig specifically Williamite interests In spite of this the many Dutch elements in his novels are not always evident and the body of his fiction has not previously been examined from this perspective Defoe and the Dutch Places Things People explores what English readers of seventeenth and early eighteenth century English fiction and non fiction knew about the Dutch what images of the Dutch they were exposed to and what significance these images may have had Against that background it investigates how Dutch elements are used or referred to in nine novels attributed to Daniel Defoe From the ubiquity of Dutch ships and the Dutch bill of exchange to the disallowing of Dutch martial heroism and the exchange of gifts in Dutch weddings images and associations of Dutch places things and people in Defoe s novels are woven into the fabric of the narratives The novels uses of these and many other Dutch motifs or images are shown to avoid crude or negative stereotypes and to be complex subtle and sensitive to the real life events and contexts of the fictions while also participating in a mode of representation that is overridingly emblematic

**Visionary Closure in the Modern Novel** William R. Thickstun,1988 **The English Literary Journal to 1900** Robert B. White,1977 Johnsonian News Letter James Lowry Clifford,1990 Fictions of Law Beth Swan,1997 **Bulletin of Bibliography** ,1996 *MLA International Bibliography of Books and Articles on the Modern Languages and Literatures* ,1996 Vols for 1969 include ACTFL annual bibliography of books and articles on pedagogy in foreign languages 1969 **The Scriblerian and the Kit-Cats** ,2004 Canadiana ,1988-09
