Munns, 2022-12-21 What can we learn about Van Morrison's life and work as a songwriter through his songs This book looks closely at the lyrics and music from a selection of his songs Some are very well known Brown Eyed Girl Cleaning Windows and The Healing Game Others are less familiar Through these songs the book offers insights into some of the most important ideas that the songwriter has explored across his five decade plus career starting from the Them period and extending through his solo albums These readings show how thinking about Morrison's use of place provides a specific lens that contributes to a greater understanding of his art The songs are organized into chapters that reflect many of the important places in Morrison's work as he ventured professionally and imaginatively away from the places of his upbringing towards a wider musical world These places are in city streetscapes and country landscapes in home places of streets and ditches in the

enclosed spaces of rooms in the expansive reaches of the natural world in indeterminate and specific foreign lands A picture emerges of the journey that Van Morrison details through his songs one that sees him first wandering as a boy through his East Belfast haunts and then venturing out to a wider world away from this local place Bibliographic Guide to Music New York Public Library.
