**Mark Walker**

## **Delo Akademika Vavilova:**

**Geographers** Geoffrey Martin, 2015-12-14 *Geographers* is an annual collection of studies on individuals who have made major contributions to the development of geography and geographical thought. Subjects are drawn from all periods and from all parts of the world and include famous names as well as those less well known including explorers, independent thinkers and scholars. Each paper describes the geographer's education, life and work and discusses their influence and spread of academic ideas. Each study includes a select bibliography and a brief chronology. The work includes a general index and a cumulative index of geographers listed in volumes published to date. Published under the auspices of the International Geographical Union.

**The World of Andrei Sakharov** Геннадий Ефимович Горелик, Antonina W. Bouis, 2005-04-14. Recently declassified documents show that Sakharov's metamorphosis was caused by professional concerns, particularly regarding the development of an antiballistic missile defense. Jacket.

**A History of Biochemistry** Marcel Florkin, 1972.

**Russian Politics and Society** Richard Sakwa, 2008-04-10. Having been fully revised and updated to reflect the considerable changes in Russia over the last decade, the fourth edition of this classic text builds on the strengths of the previous editions to provide a comprehensive and sophisticated analysis on Russian politics and society. New to this edition: extended coverage of electoral laws, party development and regional politics; new chapter on the phoney democracy period 1991-93; historical evaluation of Yeltsin's leadership; full coverage of Putin's presidency; discussion of the development of civil society and the problems of democratic consolidation; latest developments in the Chechnya conflict; more on foreign policy issues; the re-introduction of the Russian Constitution as an appendix; an updated Select Bibliography; more focus on the challenges facing Russia in the twenty-first century. Written in an accessible and lively style, this book is packed with detailed information on the central debates and issues in Russia's difficult transformation. This makes it the best available textbook on the subject and is essential reading for all those concerned with the fate of Russia and with the future of international society.

**Soviet Fiction Since Stalin** Rosalind J. Marsh, 1986-01-01. No one with an interest in Soviet writing of the last thirty years will want to ignore this book.

**Science and Ideology** Mark Walker, 2003. This unique comparative history of scientific policies and practices in the 20th century brings together a number of case studies to examine the relationship between science and the dominant ideology of a state.

*Abstracts of Soviet and East European Emigré Periodical Literature*, 1987.

**The American Bibliography of Slavic and East European Studies**, 1987.

**The Lysenko Effect** Nils Roll-Hansen, 2005. Ukrainian agronomist Lysenko was the leader of an influential Soviet agrobiological school that rejected standard genetics and instead promoted a brand of pseudoscience that held sway among Soviet biologists for over twenty-five years. The dominance of Lysenko's pseudoscientific ideas has been characterized as the biggest scandal of 20th-century science. That it happened under a regime that took particular pride in building its policy on science makes the affair particularly interesting even for Western observers free from totalitarian governments. The Soviet Union was the first country

with a government policy and large scale public support for science Agricultural science was a main showcase for this unprecedented investment in science Unlike other scholars who have studied Lysenko s influence Roll Hansen argues that the corruption of Soviet biology should not be explained primarily as the result of Stalin s despotism and the willful intervention of party hacks into the objective methods of science Because of ideological and economic pressures to produce tangible benefits to society says Roll Hansen Soviet biology under Lysenko s leadership succumbed to a wishful thinking syndrome which paved the way for Lysenko By such thinking scientific objectivity was compromised in favor of ideas that accorded with progressive political ideals and economic goals as determined by the ruling politburo Roll Hansen draws provocative parallels between Lysenko s bad science in mid 20th century Russia and attempts by Western theorists today to construe science in social constructivist terms or to exercise political control over scientific research from publisher description *The Vice-chancellor's Report* Queen's University of Belfast,1984 **Irish Slavonic Studies** ,1985 Free Voices in Russian Literature, 1950s-1980s Bosiljka Stevanovic,Vladimir Wertsman,1987 *Political History of Russia* ,1994 **Russia** ,1983 Long search, book about brothers Nikolai and Sergei Vavilov И. С. Вавилов,2004 Slavic Review ,1984 Coverage of Russian Eurasian and East European issues The Lesser Terror Michael Parrish,1996-05-16 Ch 8 pp 197 214 The Anti Semitic Campaigns deals with NKVD MGB activities against Jews in the postwar period 1945 53 The Jewish victims were relatively more numerous during this period than during the prewar Great Terror 1934 40 Although most of the campaigns against various groups of Jews Jewish intelligentsia Jews in the army and Soviet apparatus Jewish wives of prominent party leaders the victims of the Doctors Plot etc were led by V Abakumov the Minister of State Security of the USSR and his henchmen it was Stalin who initiated them Neither Abakumov nor Beria the Minister of Interior were innate antisemites Stalin s antisemitism had complex motivations and was manifested even before the war Despite Stalin s antisemitism and the anti Jewish campaigns of 1946 53 many Jews retained their high positions in various spheres Science Between the Superpowers Yakov M. Rabkin,1988 **Irish-Russian Contacts** Neil Cornwell,1984 **In a Far Distant Land** Иван Алексеевич Бунин,1983 The publication of this collection of stories by the great 20th century Russian writer marked the 30th anniversary of his death and the 50th anniversary of his Nobel Prize 1933 Most of the stories have not been previously published in English or were published in translations from texts not revised by the author for final publication The love death theme was one of the criteria for the selection of titles and *Sobranie sochineny* 9 vol Moscow 1965 67 was the Russian source for all translations

## **Delo Akademika Vavilova** Book Review: Unveiling the Magic of Language

In a digital era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever. Its ability to stir emotions, provoke thought, and instigate transformation is actually remarkable.
