DEMOCRACY IN AMERICA - Alexis De Tocqueville Alexis de Tocqueville, 2020-07-19 Democracy in America has had the singular honor of being even to this day the work that political commentators of every stripe refer to when they seek to draw large conclusions about the society of the USA Alexis de Tocqueville a young French aristocrat came to the young nation to investigate the functioning of American democracy the social political economic life of its citizens publishing his observations in 1835 1840 Brilliantly written vividly illustrated with vignettes portraits Democracy in America is far more than a trenchant analysis of one society at a particular point in time What will most intrigue modern readers is how many of the observations still hold true on the mixed advantages of a free press the strained relations among the races the threats posed to democracies by consumerism corruption So uncanny is Tocqueville s insight so accurate are his predictions that it seems as tho he were not merely describing the American identity but actually helping to create it
