

Which Party Is Better for the Economy?

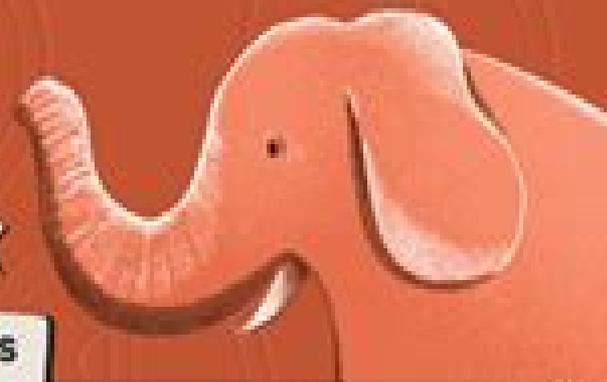

Democrats

- Economic policies benefit low-income and middle-income families
- Argue that reducing income inequality spurs economic growth; people are more likely to spend than save and invest
- Support Keynesian economic theory that government should spend its way out of a recession
- Some research shows that economic growth is better under Democrats

Republicans

- Advocate for supply-side economics that primarily benefits businesses and investors
- Argue that tax cuts on businesses allow them to hire more workers, increasing demand and growth
- Support the pursuit of prosperity without government interference
- Business-friendly approach makes many believe that Republicans are better for the economy
