Democratic Experiments in Africa Michael Bratton, Nicolas Van de Walle, 1997-08-13 Appendix The Data Set **Beyond Africa's Democratic Experiments** Paulinus C. Iwuji, 2007 **The Fate of Africa's Democratic Experiments** Leonardo A. Villalón, Peter VonDoepp, 2005-09 Does democracy have a future in Africa *Political Opposition and Democracy in Sub-Saharan Africa* Elliott Green, Johanna Söderström, Emil Uddhammar, 2016-04-08 This book takes a closer look at the role and meaning of political opposition for the development of democracy across sub Saharan Africa Why is room for political opposition in most cases so severely limited Under what circumstances has the political opposition been able to establish itself in a legitimate role in African politics To answer these questions this edited volume focuses on the institutional settings the nature and dynamics within and between political parties and the relationship between the citizens and political parties It is found that regional devolution and federalist structures enable political opposition to organize and gain local power as a supplement to influence at the central level Generally however opposition parties are lacking in organization and institutionalization as well as in their ability to find support in civil society and promote the issues that voters find most important Overall strong executive powers unchecked by democratic institutions in combination with deferential values and fear of conflict undermine legitimate opposition activity This book was originally published as a special issue of Democratization *Democracy and the Rise of Women's Movements in Sub-Saharan Africa* Kathleen M. Fallon, 2008-08-08 Despite a late and fitful start democracy in Africa Latin America and Eastern Europe has recently shown promising growth Kathleen M Fallon discusses the role of women and women s advocacy groups in furthering the democratic transformation of formerly autocratic states Using Ghana as a case study Fallon examines the specific processes women are using to bring about political change She assesses information gathered from interviews and surveys conducted in Ghana and assays the existing literature to provide a focused look at how women have become involved in the democratization of sub Saharan nations The narrative traces the history of democratic institutions in the region from the imposition of male dominated mechanisms by western states to latter day reforms that reflect the active resurgence of women s political power within many African cultures to show how women have made significant recent political gains in Ghana and other emerging democracies Fallon attributes these advances to a combination of forces including the decline of the authoritarian state and its attendant state run women s organizations newly formed constitutions and newfound access to good governance funding She draws the study into the larger debate over gendered networks and democratic reform by exploring how gender roles affect and are affected by the state in Africa Latin America and Eastern Europe In demonstrating how women s activism is evolving with and shaping democratization across the region *Democracy and the Rise of Women s Movements in Sub Saharan Africa* reveals how women s social movements are challenging the barriers created by colonization and dictatorships in Africa and beyond **Ethnicity and Recent Democratic Experiments in Africa** ,2002 **Modernization and the**
