Jacobs, 1972      **Demon Experiences in Many Lands** CreateSpace Independent Publishing Platform, Various Contributors, 2015-05-09 It has been many years since any serious study of demon experiences has been published and possibly never before a compilation from competent observers in many parts of the world The reason for this omission is not clear but the result has been a feeling on the part of many Christians that these strange to us moderns phenomena were only valid in Bible times But if these things are in fact still going on today the church should be aware of them and if true in other lands as indicated in this book then a further study needs to be made of demonology here in the United States Item Could certain types of cases in mental hospitals be better relieved by prayer than by modern medical treatments This subject needs study research and experiment by Christian ministers as well as secular medical experts As to the truthfulness of the stories in this book we believe that all are valid Most of the missionaries and others reporting are known to us either personally or by reputation as being honest and not subject to hallucinations That the incidents occurred seems indisputable As to why they occurred and what caused them that is another question On the surface there seems every evidence that strange spirits have seized and often spoken through their victims Many of these incidents parallel those in the New Testament where the cause is clearly stated as demon possession Some who read these pages may wish to put forward other explanations than ones presented in this book and discussion of these viewpoints should

prove valuable This book is not seeking to prove modern day demonology It is attempting to open the subject to those who are interested THE PUBLISHERS *Seven Demon Stories from Medieval Japan* Noriko T. The Facts on Spirit Guides John Ankerberg, John Weldon, 1988 Booklet discusses voluntary spirit possession or channeling Channelers claim a spirit actually enters their body and speaks guide through them The key issue is this exactly who or what are these spirit guides Many ideas even bizarre ones have been considered Are they merely the hallucinations of the mentally unstable as doctors say Are they parts of the unconscious mind available to us all as some psychologists say Are they creatures from the future or are they from civilizations deep in space as some scientists say Are they genuine spirit beings such as angels the dead or the gods and nature spirits of various religious traditions as the channelers say Or are they another category of being entirely the demons mentioned in the Bible If one looks for a theory to explain all the facts the demon theory cannot be ignored whether or not it is personally appealing About this booklet
