Della Robbias in America Allan Marquand,1912 Della Robbias in America Allan Marquand,2015-06-24 Excerpt from Della Robbias in America When Cavallucci and Molinier published in 1884 a catalogue of all the then known works of the Della Robbias four hundred and eighty one in number they knew of only one in America By 1902 when Miss Cruttwell's book on Luca and Andrea della Robbia appeared the total list had been increased to nearly eleven hundred Of these only ten were in this country At the present time America is known to possess more than seventy examples of Della Robbia work As I have in mind some day to publish a general catalogue of all the known works of the Robbia School I might well defer until that day the publication of those which have reached this country But as new examples are constantly arriving from Europe in many cases improperly attributed and offered at enormous prices I have persuaded myself that the present publication may be of service to collectors in this very special field of art It is my hope also that some reader of this volume may in turn render me a service and direct my attention to Robbias still unknown to me I take this opportunity of thanking Dr W R Valentiner of the Metropolitan Museum of Art for directing my attention to various examples in private collections About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
