Complete Original Short Stories of Guy De Maupassant Guy de Maupassant, 2019-11-19 Guy de Maupassant's Complete Original Short Stories of Guy de Maupassant is a quintessential collection that captures the turmoil of 19th century France through the intimate lens of human experience. Known for his mastery of the short story form, Maupassant's prose is characterized by its economy, precision, and an often grim sense of observation. These stories reflect a diverse array of themes including love, war, social class, and the human condition, often imbued with an ironic undertone. The literary context of this collection places it within the realist movement, showcasing the author's ability to navigate complex emotional terrains with subtlety and depth, serving as a precursor to modern narrative techniques. Maupassant, born into a wealthy family in Normandy, was a contemporary of Émile Zola and a protégé of Gustave Flaubert, whose influence is evident in his stark yet elegant style. His own experiences, including the trauma of the Franco-Prussian War and struggles with mental health, permeate his narratives, leading him to explore the darker aspects of life with unparalleled acuity. This background equips Maupassant to delve into the intricacies of the human psyche, examining the ephemeral nature of happiness and the shadows of despair. This anthology is essential for readers seeking to immerse themselves in the richness of French literature and the psychological landscape of its characters. With each story, Maupassant invites readers to reflect on existential themes that resonate through time, making this collection not only a cornerstone of literary heritage but also a profoundly relevant exploration of human nature. In this enriched edition, we have carefully created added value for your reading experience. **The Complete Works of Guy de Maupassant** Guy de Maupassant,2006 For days and days nights and nights I had dreamed of that first kiss which was to consecrate our engagement and I knew not on what spot I should put my lips Not on her forehead that was accustomed to family caresses nor on her light hair which mercenary hands had dressed nor on her eyes whose curling lashes looked like little wings

because that would have made me think of the farewell caress which closes the eyelids of some dead woman whom one has adored nor her lovely mouth which I will not which I must not possess until that divine moment when Elaine will at last belong to me altogether and for always but on that delicious little dimple which comes in one of her cheeks when she is happy when she smiles and which excited me as much as her voice did with languorous softness on that evening when our flirtation began at the Souverettes
