Democrat And The Dictator:

The Democrat and the Dictator Sunrise Media (PRD),2010-09-20 [The Dictator's Handbook](#) Bruce Bueno de Mesquita,Alastair Smith,2011-09-27 Explains the theory of political survival particularly in cases of dictators and despotic governments arguing that political leaders seek to stay in power using any means necessary most commonly by attending to the interests of certain coalitions *Roosevelt: Dictator Or Democrat?* Gerald White Johnson,1941 **The Dictator's Dilemma** Bruce J. Dickson,2016 Many observers predicted the collapse of the Chinese Communist Party following the Tiananmen Square crackdown in 1989 and again following the serial collapse of communist regimes behind the Iron Curtain Their prediction however never proved true Despite minor setbacks China has experienced explosive economic growth and relative political stability ever since 1989 In *The Dictator's Dilemma* eminent China scholar Bruce Dickson provides a comprehensive explanation for regime's continued survival and prosperity Dickson contends that the popular media narrative of the party's impending implosion ignores some basic facts The regime's policies may generate resentment and protest but the CCP still enjoys a surprisingly high level of popular support Nor is the party cut off from the people it governs It consults with a wide range of specialists stakeholders and members of the general public in a selective yet extensive manner Further it tolerates and even encourages a growing and diverse civil society even while restricting access to it Today the majority of Chinese people see the regime as increasingly democratic even though it does not allow political competition and its leaders are not accountable to the electorate In short while the Chinese people may prefer change they prefer that it occurs within the existing political framework In reaching this conclusion Dickson draws upon original public opinion surveys interviews and published materials to explain why there is so much popular support for the regime This basic stability is a familiar story to China specialists but not to those whose knowledge of contemporary China is limited to the popular media *The Dictator's Dilemma* an engaging synthesis of how the CCP rules and its future prospects will enlighten both audiences and will be essential for anyone interested in understanding China's increasing importance in world politics *The Chinese Social and Political Science Review* ,1924 Has annual indexes [The Literary Digest](#) Edward Jewitt Wheeler,Isaac Kaufman Funk,William Seaver Woods,Arthur Stimson Draper,Wilfred John Funk,1904 [Literary Digest: a Repository of Contemporaneous Thought and Research as Presented in the Periodical Literature of the World](#) Edward Jewitt Wheeler,Isaac Kaufman Funk,William Seaver Woods,1908 [The Southwestern Reporter](#) ,1908 **The New International Encyclopaedia** ,1929 [The New International Encyclopædia](#) Frank Moore Colby,Talcott Williams,1917 **Social-democrat** ,1928 **The Modern Review** Ramananda Chatterjee,1929 Includes section Reviews and notices of books *Report for the Financial Year* Javasche Bank,1917 **Annual Report** Javasche Bank,1914 [Proceedings of the Convention of the American Bankers' Association](#) American Bankers Association.
