Banners of Bonding David English, 2022-12-20

Experiencing a relationship with God and others is the process through which bonding and intimacy are attained For some God is distant from their experience To them God is not real and certainly not personal Others have met and experienced God through Jesus Christ They know a lot about God and have a relationship with Him They share experiences with Him but still don't have a depth of intimacy with Him They know they don't fully connect with Him and there are times when God seems distant from them Deepening your intimacy with God is found in understanding and then experiencing certain attributes of the person of God These are developed in the context of not just your relationship with God but also your relationships with others who undertake relating to you the way God does Understanding these attributes of God in relationships with others

becomes revolutionary for you in your understanding of the person of God God never intended that we experience life just with Him We need others who help refine our person as God conforms us to His image We learn the relevance of God as we pursue godly character through the transforming power of His Holy Spirit in our relationship with Him and others
