**Bonnard** Francis Bouvet,1981-01-01 Bonnard Francis Bouvet,1981 *Painting and Sculpture in Europe, 1880-1940*

George Heard Hamilton,1993-01-01 This new edition of a book that offers the best available grounding in its huge subject as the Sunday Times called it includes color plates and a revised and expanded bibliography Professor Hamilton traces the origins and growth of modern art assessing the intrinsic qualities of individual works and describing the social forces in play The result is an authoritative guide through the forest of artistic labels Impressionism and Expressionism Symbolism Cubism Constructivism Surrealism etc and to the achievements of Degas and Cezanne Ensor and Munch Matisse and Kandinsky Picasso Braque and Epstein Mondrian Dali Modigliani Utrillo and Chagall Klee Henry Moore and many other artists in a revolutionary age *The Nabis and Intimate Modernism* KatherineM. Kuenzli,2017-07-05 Providing a fresh perspective on an important but underappreciated group of late nineteenth century French painters this is the first book to provide an in depth account of the Nabis practice of the decorative and its significance for twentieth century modernism Over the course of the ten years that define the Nabi movement 1890 1900 its principal artists included Edouard Vuillard Pierre Bonnard Maurice Denis Paul Sier and Paul Ranson The author reconstructs the Nabis relationship to Impressionism mass culture literary Symbolism Art Nouveau Wagnerianism and a revolutionary artistic tradition in order to show how their painterly practice emerges out of the pressing questions defining modernism around 1900 She shows that the Nabis were engaged nonetheless with issues that are always at stake in accounts of nineteenth century modernist painting issues such as the relationship of high and low art of individual sensibility and collective identity of the public and private spheres *The Nabis and Intimate Modernism* is a rigorous study of the intellectual and artistic endeavors that inform the Nabis decorative domestic paintings in the 1890s and argues for their centrality to painterly modernism The book ends up not only re positioning the Nabis to occupy a crucial place in modernism s development from 1860 to 1914 but also challenges that narrative to place more emphasis on notions of decoration totality and interiority **The Poster** Ruth E. Iskin,2014-10-07 *The Poster Art Advertising Design and Collecting 1860s 1900s* is a cultural history that situates the poster at the crossroads of art design advertising and collecting Though international in scope the book focuses especially on France and England Ruth E Iskin argues that the avant garde poster and the original art print played an important role in the development of a modernist language of art in the 1890s as well as in the adaptation of art to an era of mass media She moreover contends that this new form of visual communication fundamentally redefined relations between word and image poster designers embedded words within the graphic rather than using images to illustrate a text Posters had to function as effective advertising in the hectic environment of the urban street Even though initially commissioned as advertisements they were soon coveted by collectors Iskin introduces readers to the late nineteenth century iconophile a new type of collector curator archivist who discovered in poster collecting an ephemeral archaeology of modernity Bridging the separation between the

fields of art design advertising and collecting Iskin s insightful study proposes that the poster played a constitutive role in the modern culture of spectacle This stunningly illustrated book will appeal to art historians and students of visual culture as well as social and cultural history media design and advertising Pierre Bonnard, the Graphic Art Pierre Bonnard, Colta Feller Ives, Helen Emery Giambruni, Sasha M. **Gawkers** Bridget Alsdorf, 2022-03-22 How the urban spectator became the archetypal modern viewer and a central subject in late nineteenth century French art *Gawkers* explores how artists and writers in late nineteenth century Paris represented the seductions horrors and banalities of street life through the eyes of curious viewers known as badauds In contrast to the singular and aloof bourgeois fl neur badauds were passive collective instinctive and highly impressionable Above all they were visual captivated by the sights of everyday life Beautifully illustrated and drawing on a wealth of new research *Gawkers* excavates badauds as a subject of deep significance in late nineteenth century French culture as a motif in works of art and as a conflicted model of the modern viewer Bridget Alsdorf examines the work of painters printmakers and filmmakers who made badauds their artistic subject including Félix Vallotton Pierre Bonnard Henri de Toulouse Lautrec Honor Daumier Edgar Degas Jean L on G r me Eug ne Carri re Charles Angrand and Auguste and Louise Lumi re From morally and intellectually empty to sensitive empathetic and humane the gawkers these artists portrayed cut across social categories They invite the viewer s identification even as they appear to threaten social responsibility and the integrity of art Delving into the ubiquity of a figure that has largely eluded attention idling on the margins of culture and current events *Gawkers* traces the emergence of social and aesthetic problems that are still with us today **ABM** , 1985 Abstracts of journal articles books essays exhibition catalogs dissertations and exhibition reviews The scope of ARTbibliographies Modern extends from artists and movements beginning with Impressionism in the late 19th century up to the most recent works and trends in the late 20th century Photography is covered from its invention in 1839 to the present A particular emphasis is placed upon adding new and lesser known artists and on the coverage of foreign
